About Perfumes!

We have made our stock of perfumes embrace the best odors of the best makers.

For instance, the English Violet and English Flowers Extract surpasses, in our judgment, that of any other make. At the same time the rose odor made by the same firm may not be quite so good as that of another perfumer. Hence we select one brand of violet, another of white rose, etc., thus giving our patrons a selection of the best to be had without having to pay any fancy prices.

TEN YEARS AGONY FROM ECZEMA
CURED BY CUTICURA

For ten years I suffered untold agonies from Eczema, my lower limbs being so swollen and broken out that I could hardly go about. My brother, a physician of thirty years' practice, and other physicians of splendid ability, tried in vain to effect a cure and signally failed. I became absolutely disheartened, and had lost all hope, when a friend induced me to give CUTICURA REMEDIES a trial. I used two cakes of CUTICURA SOAP and two boxes of CUTICURA (ointment), and it resulted in an *absolute and permanent cure.*

Emperor William Not to Call at Madrid.

The Royal Itinerary Has Been Cut Short.

The Hohenzollern to Put in at an Italian Port.

Health of the Empress Makes an Overland Journey to Berlin Necessary, it is Reported.

BERLIN, Nov. 17.—An official telegram received here from Valetta, Island of Malta, says the emperor and empress of Germany have sailed for Pola, at the northern end of the Adriatic sea, from which port they will travel overland direct for home. It is explained that the emperor decided upon this course because the temperature of the Mediterranean has become considerably cooler and the danger to the health of the empress, by a sudden change from a northern to a southern climate, is thus lessened.

EMPEROR AT MALTA.

VALETTA, Island of Malta, Nov. 17.—The German imperial yacht Hohenzollern sailed from here this morning. The next port she will call at is not known, but it is believed it will be somewhere in Italy.

It is now known that when Emperor William passed the Island of Rhodes, where the Khedive of Egypt is staying at present, the emperor telegraphed his regrets at being unable to visit Egypt, also thanking the khedive for the preparations made to receive his majesty.

AFTER RELICS.

Fine Bronze Cannon Taken From Cayo Del Terro.

Government Ship Glacier Seizes Ancient Artillery in Cuba for Secretary of the Navy.

SANTIAGO DE CUBA, Nov. 17.—Colonel Ray, the American commander at Guantamo, reports from that place that he heard that the United States government ship Glacier had landed a number of men at the port of Cayo del Terro and had taken possession of the two finest pieces of bronze cannon there. It was added that the men of the Glacier had also accidently blown up the arsenal. Immediately after hearing these reports Colonel Ray went to Caimanera in order to investigate the matter. There he saw Captain Norman and the officers of the ship, who positively denied knowing anything regarding the cannon.

Colonel Ray, however, said he had obtained his information from a reliable source, the British consul being his informant, whereupon Captain Norman admitted having taken the guns and said he took them for the secretary of the navy. The captain refused to furnish any further information on the subject, and consequently it is not known whether he acted under the orders of the secretary of the navy or is merely making the secretary a private present.

Three similar guns have been asked for by the navy department, as ornaments for Annapolis and the war office granted the permission necessary. Captain Chester, of the Cincinnati, will ship them north at the first opportunity.

Colonel Ray was at first inclined to demand the immediate return of the guns from the Glacier, but he decided to await instructions on the subject.

A corporal of the Third immune regiment at Guantanamo who was detained to assist in the free ration distribution has been discovered, in co-operation with some merchants of the town, to have been swindling the government. Large supplies of bacon and meal were found to have disappeared and caused Colonel Ray to investigate the matter. He discovered a big shortage, the money value being over $1,000, and traced the affair to the corporal and three merchants who were acting with him. They are all under arrest.

CUBANS GOING HOME.

A Large Number of Refugees Returning to Their Native Land.

NEW YORK, Nov. 17.—The United States transport Berlin, which was to sail yesterday afternoon for Santiago, San Juan and Ponce only got away today.

On board her were a large number of passengers, including Mrs. Wood, wife of General Wood, governor of Santiago province. There are also a number of Cubans returning to their homes, from which they were driven during the insurrection, many of whom, through their poverty, are being furnished free transportation on the transport, except for rations for which they pay $1.50 per day.

Canadian Cruiser Seizes American Nets.

SANDUSKY, O., Nov. 17.—The Canadian cruiser Petrel, which is patrolling the fishing grounds in Lake Erie waters in this vicinity, has seized a lot of gill nets belonging to American fishermen and which it is claimed were set in Canadian waters.

Meet in Indianapolis.

PHILADELPHIA, Pa., Nov. 17.—The National Municipal league will hold the next conference for good city government in Indianapolis on November 30th, December 1st and 2nd. The executive committee of the league selected Indianapolis, through the invitation of the Commercial club of that city, whose guest the league will be. At the coming meeting the committee on municipal program will make its report.

THEY ARE WEALTHY.

Osage Indians Have Plenty of Land and Money.

They Dwell in Luxury and Idleness and Uncle Sam Pays All the Freight.

WASHINGTON, Nov. 17.—The Osage Indians are probably the wealthiest people per capita on earth, are aristocrats and scorn manual labor, according to Agent Pollock's annual report to the interior department.

They own over 800 acres of land for each man, woman and child, each receiving an annuity of over $200 in cash. As an illustration, if an Indian and his wife have eight children the annual cash income of the family is over $2,000, rather leading his white brother in this respect. He prefers the conveniences, luxuries and dissipations of village life to agricultural avocation. He loves to sing and dance and rest and he has plenty of money to support his family in idleness.

Indian Agent Stephens, of the Crow Creeks, reports that a serious nuisance and detriment to progress, to correct which agents have to cooperate, is intertribal visiting, demoralizing to the Indians, encouraging idleness and nomadic habits, abandonment of the crops, reckless distribution of property as presents and neglect of stock. Action to minimize this mischief is urged.

Captain Cornish, of the Unitah and Ouray agency in Utah, complains in his report that there never has been any settlement of the claim of the Uncomphagre, White River and Southern Utes on account of the cession of about 8,000,000 acres of land to the United States under a treaty of 1880, in consideration of certain benefits.

The treaty required that the land should be subject to cash entry only, and that that the proceeds after reimbursement to the United States for sums appropriated and set aside in the Ute act, and paying for lands which might be ceded to the Utes by the United States, outside of their reservation at $1.25 per acre, should be deposited to their credit in the treasury, the interest payable to the Utes annually with the rest of their annuity money.

This claim has not been settled, and no statement made as to the amount of money collected for this land. The agent says:

"It does not appear that the United States has ceded them any lands outside of their reservations. If the late Uncomphagres' reservation is considered to have been so ceded, it has practically again been absorbed by the United States. I believe the government has appropriated from this Colorado land a large timber reserve, for which, it seems to me, the Indians are justly entitled to pay. The matter should be carefully investigated."

The denial of the rights of these Indians to hunt in their old reservation in accordance with the Colorado game laws is complained of as an injustice and violation of their treaty rights, and the agent recommends securing through congress some compensation for loss of the right.

WILL BE DRAMATIZED.

Julia Marlowe Secures Right to Produce "When Knighthood Was in Flower."

INDIANAPOLIS, Nov. 17.—Julia Marlowe, the actress, has secured the right to produce on the stage "When Knighthood was in Flower," by Charles Major, of Shelbyville, Ind. Miss Marlowe thinks highly of the novel and prophesies that it will make a great play. The dramatization has been arranged for and Miss Marlowe hopes to add it to her repertoire very soon.

Proceedings Postponed.

COLUMBUS, Ohio, Nov. 17.—The hearing of the contempt proceedings against the Buckeye Pipe Line company was today postponed until November 25, by the Ohio supreme court, on application of Hon. Virgil P. Kline, attorney for the defense. The delay was granted on the grounds that Attorney General Monnett had not properly filed his motion for the hearing. It was ordered that a copy of all testimony taken in the trust investigation, both here and in New York, be furnished the court.

SOME NEW PHASES.

Spain Adds to the Philippine Complication.

Cannot Allow Discussion of Her Bond Pledges.

Will Not Permit Inquiry as to How Money Was Spent.

Takes High Ground of National Probity—Spain's Answer Fully Translated and Under Discussion.

PARIS, Nov. 17.—The clerical force of the American peace commission was busy nearly all last night in translating the Spanish memorandum presented at yesterday's joint session. While the translators and typewriters were rendering the Spanish argument into printed English, counsel for the American commission studied it sheet by sheet, making notes of records to be examined and of law points bearing on the matter in hand.

As a result, when the Americans gathered for their daily session today, the Spanish presentment lay before them in English, ready for consideration and accompanied by data bearing upon it.

No unofficial person knows the contents of the document presented by the Spanish commissioners yesterday, but it is said to assume that added to her insistence on the preservation of her Philippine sovereignty and her proposition to arbitrate the construction of the "third article of the protocol," Spain has made two other important statements:

First. That upon the high ground of financial probity, she cannot allow any discussion of the validity of her action in pledging the resources of the Philippines for the payment of the Philippines debt.

Second. That in connection with the American proposal to reimburse Spain for her pacific expenditures in the Philippines, she cannot admit of any inquiry as to how she has spent the proceeds of the loans based on the Philippine pledges.

If Spain has assumed this attitude, and it is believed she has done so, she practically compels the American commissioners to consider at least the entire Philippine debt and its assumption by the United States or the Philippine islands as a condition to Spain's amicable surrender of her sovereignty over those islands.

It is difficult to understand how the Americans can reply to this in any other manner than by strictly outlining their position and giving the Spaniards a time limit in which to accept the propositions of the United States.

But the American commissioners may patiently continue their endeavors to arrive at an amicable understanding on the subject.

The Matin, today, in reviewing the history of the late war, criticises the Americans' attitude in regard to the Philippine Islands and says Prince Bismorck, on one occasion, remarked that:

"When you have your knee on a nation's neck you should make her cough out all you can," adding:

"It is possible the United States now remembers this brutal maxim and it is possible the United States has forgotten the rancor, hatred and exasperation it involves."

THE WASHINGTON VIEW OF IT.

WASHINGTON, Nov. 17.—The administration feels encouraged now over the outlook for a successful termination of the labors of the peace commissioners in Paris. Whether this renewed confidence is based upon an abstract of the Spanish reply which was submitted at yesterday's meeting, or is founded upon private advices indicating a weakening of the Spanish position, is not known but it is probable that both of these have had on influence in brightening the prospects.

The Spanish reply was not a surprise to the American commissioners, who in fact had prepared themselves in advance, with instructions received directly from the president and Secretary Hay, for a complete answer.

Still it was probably regarded as better policy, and more in accord with the amenities of official exchange that the Americans should do the Spanish commissioners the courtesy of giving deliberate consideration to their carefully prepared written argument.

But with all due intent to give proper weight to the Spanish representations, it must be said that, up to this point, they have had very little effect in influencing the American commissioners, not because of any obstinate disregard of facts on their part, but for the simple reason that almost every one of the points made by the Spanish commissioners had been anticipated in the preparation of the American case.

The attempt of the Spanish commissioners to induce the Americans to accept their construction of the meaning of the protocol, when it touches on the Philippines, has been a flat failure. The president himself was a party to the preparation of the protocol.

It was he who, suspecting a purpose on the Spanish side to becloud the phase and leave open a door for a future escape from the consequences of the war, had swept aside as so much chaff the message of the Spanish duke, Almodóvar de Rios, and reducing the demands of the United States to what is called a "precisis," had declared that the Spanish government might accept that as an exact statement of the demands of the United States. Having made the document, the president believes himself to be the person most competent to construe its meaning, and the American commissioners are consequently acting in conformity with his view.

FROM THE ORIENT.

One Hundred Lost in Collision of Boats.

Discussion of the Chinese Railroad Concessions—Other News of the Chinese Empire.

VANCOUVER, B. C., Nov. 17.—Advices by the steamship Empress of China tells of a terrible disaster in an inland sea on October 25, when the steamer Kinshiu-Maru came into collision with the steamer Miagawa-Maru off Takkimi, sinking the latter in three minutes. It is reported that 130 persons were saved but that seventy were drowned.

So strong was the impact that the captain, who was on the bridge, was thrown into the sea. The captain and all the crew were saved.

It is stated that Great Britain has suggested that the railway between Shanghaikwan and Tien-Tsin already working, and the mines in the vicinity of the railway should be held as security for the loan under negotiation for the construction of the railway between New Chwang and Shanghaikwan. Russia has assented to this and discussion on the details of the agreement is progressing.

A large body of men from Canton and Macaoa, carrying with them several thousand stands of arms and a quantity of ammunition, are reported to have joined the Kuang Tung insurgents, who are now in strong force in Lienchou Precture. These new auxiliaries are stated to be all well dressed and more refined in manner than older rebels and the chief motto on their flag is: "Clear out the traitors who surround the throne."

West China is still in a very disturbed state. The band chief Yueh Man Toi has emissaries throughout the province of Szechun and in many of the cities his proclamation is posted calling on the people to expel foreigners, who are said to be enemies of the people and seeking the partition of the empire. Yueh Man Toi promises great deliverence and even undertakes to have the Japan war indemnity repaid.

A large number of Kwangsi rebels are now taking refuge in the fastnesses of the mountains of Ngmashan, where a good many gunsmiths and blacksmiths are engaged in making arms. They intend to raise another rebellion.

Kom Kuk, the rebel chief, was recently executed. Yung Un, a magistrate, pretended to be his friend and prepared a trap door in an opium divan, with concealed soldiers in the cellar underneath. Whilst these two were peaceably smoking opium together, at a given signal from the mandarin, Kom Muk was precipitated into the cellar and dispatched by swords of the soldiers. According to previous accounts Kom Kuk has been represented as the saviour of Yung Un.

Just before the mail left a disturbance broke out at Canton.

The rioters attacked the settlement and inflicted injury on two members of the French consulate. Immediately on receipt of the news the German minister addressed vigorous remonstrances to the Tsungli Mamen.

Agitators in Sunon who have been trying to bring about a rising against the occupation of Kow Loom territory by the British, dispersed on hearing that troops were being brought from Canton.

In this connection the villagers who insulted Hon. J. H. Stewart Lookhart and party, while engaged in their survey of Kow Loom extension, have been forced to "kow tow" to the union jack. A fire at Natai destroyed 100 houses.

One hundred and fifty houses were burned at Shanghai.

Serimers, of the American Pacific cable, is enlisting sympathy in Japan for his plan.

Manila law courts have resumed business with Spanish judges to hear all criminal cases.

Some disquiting news has been received as to the health of the American troops at Manila. In addition to the great amount of malarial and typhoid fever prevailing, malignant smallpox has appeared. The deaths in the hospital will average about 100 soldiers a month.

There is a leper scare in Manila. Through the neglect of the Spanish officials nearly 200 lepers have escaped from confinement.

For a time this was unknown to the American authorities and the outcasts were allowed to wander at large. Orders have been issued to the effect that all lepers will be arrested and sent to a small uninhabited island on the southeast of Luzon. On this island the American government will establish harborage for the lepers of the Philippines. They will be fed and cared for at the expense of the government. As far as can be ascertained about sixty lepers are still at large on the streets and in the suburbs of Manila.

Missing Man Returns.

PHILADELPHIA, Pa., Nov. 17.—Wm. R. Frazer, grand marshal of the Pennsylvania grand lodge of Masons, who mysteriously disappeared a week ago, reported at the office of the Keystone, a Masonic monthly journal, of which he is editor, today. He refused to say anything whatever about his absence from home and office.

LEFT WINDOW OPEN.

A Thief Visited the Home of George Koorsen.

Gains an Entrance Through a Window and Steals a Watch and Some Money—No Clue.

A housebreaker early this morning paid a visit to the home of George Koorsen, No. 76 Gay street. It was midnight when Mr. Koorsen retired and this morning when he got up he found a window in the sitting room had been raised and was still open. His pantaloons, which he had hung on the back of a chair, were lying on the floor with the pockets turned inside out, and a silver open-faced watch and his pocketbook were gone. In the pocketbook was $2.75. Mr. Koorsen has charge of the tool room in the Pennsylvania shops and had received his pay yesterday. Luckily, he gave his money to Mrs. Koorsen at noon, or it, too, might have been stolen. The thief had raised the window, crawled into the house, and after stealing the pocketbook sneaked away without pulling down the window. The result was that a heavy draft blew through the house during the night and all the Koorsen family this morning had bad colds. Mr. Koorsen fears more the result of the colds than he cares for the missing watch and money.

It is believed the thief or thieves anticipated getting Mr. Koorsen's entire month's pay.

WRECKED THE BANK.

President Cross of Emporia Speculated Disastrously.

WASHINGTON, Nov. 17.—A telegram has been received by Mr. Dawes, the comptroller of the currency, from the receiver in charge of the First National bank at Emporia, Kas., saying that so far his investigation has developed irregularities in the reserve agent's accounts amounting to $50,000; $15,000 in cash accounts, and that the bank has invested in doubtful enterprises controlled by President Cross approximately $150,000. It is thought by the officials in the comptrollers' office that although the capital and surplus of the bank are entirely wiped out, the bank depositors will suffer little if any loss.

Yesterday afternoon the comptroller ordered the bank to close its doors and within one hour after the order was received President Charles S. Cross had shot and killed himself at his country home near Emporia.

MAKING PROGRESS.

Anglo-American Commission is Getting Along Satisfactorily.

WASHINGTON, Nov. 17.—The joint session of the Anglo-American commission today was the longest held since the session began in Washington. This led to the inference that the two sides had made sufficient progress on their reciprocity lists to permit joint discussions of the articles on which reciprocal tariff reductions will be made.

The joint session went over until tomorrow, and the American and British commissioners held separate conferences to determine their further course before the joint commission. Senator Fairbanks stated at the close of the meetings that it was still to early too make any announcement on the status of the work, but it was progressing satisfactorily.

SOON TO BE LAUNCHED.

Coast Survey Steamer Pathfinder to Take to Water in December.

WASHINGTON, Nov. 17.—The new United States coast survey steamer "Pathfinder," which was especially designed for work in Alaskan waters, but which will be used as well in the survey of the coasts of the islands which have lately come into the possession of the United States, will be launched December 7 at the Crescent ship yards of Lewis Nixon, at Elizabethport, New Jersey. The Pathfinder will be christened by Miss Ruth Crandon, a niece of Mrs. Gage and a daughter of F. P. Crandon, of Chicago.

THE FUNERALS.

The funeral of William Shordon will take place Saturday morning at 9 o'clock from the residence of B. R. Noll, 79 West Wayne street, and half an hour later from the Cathedral.

The funeral of Mrs. Catherine Parrish took place this afternoon and the remains were shipped to La-Otto for interment.

The funeral of Miss Jessie McClure will take place Friday afternoon at 2 o'clock from the residence of David B. McClure, father of the deceased, 225 West Main street. Rev. Parr, pastor of the Wayne street M. E. church, will conduct the services.

A NEW MANUFACTORY

Centlivre Pump Will be Made in Fort Wayne.

Local Capitalists Will Furnish the Money for a Plant.

Already Have They Offered to Subscribe $50,000.

Mr. Centlivre Has Received Much Encouragement Since the Test Made With His Pump.

The successful test made last Tuesday of the Centlivre pump may result in the organization of a stock company for its manufacture. Mr. L. A. Centlivre this afternoon informed THE SENTINEL that he had been approached by local capitalists who desired to invest in a plant for the manufacture of his pump. He said that already these gentlemen had volunteered to subscribe $50,000. With proper encouragement from Fort Wayne citizens and taxpayers Mr. Centlivre believes that in the course of a very short time he could have in operation a factory employing not less than 300 men. He is reaching out now to make greater tests of his pump and hopes to be able to convince the citizens of Columbus, Fremont and Tiffin, Ohio, Bluffton and Decatur, Ind., that with the Centlivre pump he can get the pure water for which they have been searching these many years. The city council of Cincinnati has appropriated $100,000 to be used in locating artesian wells, and Mr. Centlivre has decided to send a representative to the Queen City to place before the officials the merits of his pump. If he is allowed to do so he will then attempt to find artesian water for Cincinnati.

There is still some misunderstanding of the workings of the Centlivre pump. While Mr. Centlivre does not at present desire to have it understood that the pump must be used to force water into the mains, he does claim that water can be forced through the mains with sufficient power behind it. With less than fifteen horse power last Tuesday water was forced six feet above the ground. With ten times that much power it could be forced many miles in mains. Mr. Centlivre is not opposing the purchase of another engine by the water works trustees. Many citizens contend that if Mr. Centlivre can find the water and lift it into the intake well on the northside the water problem is solved. The city now has three engines and pumps, one with a capacity of 6,000,000 gallons, another with 3,000,000 capacity, and still another with 1,500,000 capacity. The big engine could remain on the northside and pump 6,000,000 gallons (or 8,000,000 as it was guaranteed to do) and the smaller engines could be placed in the auxiliary plant on the McCulloch and Pape land. The city now has a pumping capacity of more than 10,000,000 gallons daily, twice as much water as is daily used. If the present system is continued it will be necessary to have a new pump, but if 6,000,000 gallons daily can be lifted on the northside it is contended that the new engine would not be a necessity.

The claim is made that owing to the continued wet weather there is now plenty of water on the northside. The water pumped last Tuesday was from the rocks, and wet or dry weather should not affect the supply. The weather does affect the supply in gravel wells, but not in rock wells. The Centlivre pump gets the rock water and not the surface water.

The establishment of a manufactory in Fort Wayne will be of vast benefit to the business men and citizens generally, and the indications are that within a few months a company will be formed for the manufacture of the Centlivre pump.

TEN THOUSAND.

That Number of Catholics in Fort Wayne.

The Clergy Completing a Census—Cathedral Leads With More Than Three Thousand Members.

As a result of a careful enumeration conducted by Bishop Rademacher's clergy it is shown that in the city of Fort Wayne 10,000 souls are accounted for in the six Catholic churches and two chapels in the city. The census has been going on several weeks, and it was sufficiently completed today for an announcement that the number would reach a little above 10,000. It shows a large increase over the last census. This is one-fifth of the population of Fort Wayne. The Cathedral leads with 3,200 souls.

TOOK LAUDANUM.

"Steve" Hogan Attempted Suicide Because His Lady Love Wouldn't Have Him.

Last night Stephen Hogan, a bartender at the "Bootjack," attempted suicide at the home of his mother, No. 91 Ewing street, by taking an ounce of laudanum.

Hogan returned home about the usual hour and went to his room. His mother heard him breathing heavily and going to his room recognized that something was wrong. Drs. Calvin and Dinnen were called and they pronounced it poisoning from an overdose of laudanum. In the course of an hour or two the doctors had brought Hogan back to consciousness and he will get well.

It is believed the young man took the laudanum because a girl he loved, who is also employed at the "Bootjack," would not consent to accept him as her lover.

MARRIED TWICE.

But the Second Ceremony Was Their Golden Wedding.

Happy Anniversary for Mr. and Mrs. W. D. Fox, Who Were Married Fifty Years Yesterday.

Mr. and Mrs. W. D. Fox, of West Main street, last evening celebrated their golden wedding in the presence of a large gathering of friends and members of the family. The Rev. Lake, of the United Brethren church, repeated the ceremony that fifty years ago united the destinies of the couple, and vows were plighted just as they were when the couple, young, inexperienced, but happy and hopeful, plighted their troths half a century ago in Blanchart township, Hancock county, Ohio. Mr. and Mrs. Fox have resided in the city for more than thirty years, and much of that time Mr. Fox conducted a grocery on West Main street. Seven children were born to them, five of whom were present. They are: E. H. Fox, of Grand Rapids; F. E. Fox, H. A. Fox, L. P. Fox, and Mrs. Frank Smith, of this city. They, with the seven grandchildren, were all present last evening. The house was beautifully decorated with chrysanthemums, carnations, palms and smilax. A bountiful supper was served at 10 o'clock in the dining room. The bride's table was decorated with bride roses and white chrysanthemums. The mandolin club furnished music throughout the evening. Mr. and Mrs. Fox were the recipients of many beautiful presents.

DEPUTIES CHOSEN.

Messrs. Meyer, Melching and Belot Name Assistants.

Ed Parker Will Remain as Chief Deputy Auditor—Several New Faces—A New Turnkey.

THE SENTINEL this evening is able to announce the deputies of the new county officers who will take charge of their offices next Monday.

Sheriff Melching will retain B. F. Eick as chief deputy; Herman Witte will succeed George Lindemuth as circuit court deputy; Rufus Snyder, son of 'Squire Solomon Snyder, of Marion township, will be superior court deputy, Frank Whitney and George Stout will be riding deputies and Frank Gladieux, who will resign, will be succeeded by Robert Young, of Lafayette township.

Auditor Meyer has selected the following deputies: Edward Parker, chief; George Ortleib, George Lindemuth, William Morton, of Marion township, and Jacob Goebel, who was formerly in the auditor's office.

Clerk Frank Belot has chosen the following assistants; Edward Nicodemus, superior court clerk; William Hammond, of Monroeville, circuit court clerk; John C. Belot, Frank J. Bercot and John Beuter, office clerks.

BONDS FILED.

Sheriff Melching has filed his bond as sheriff for the second term in the sum of $5,000 with the following sureties: Charles McCulloch, J. F. W. Meyer and John Mohr, jr.

County Clerk-elect Frank J. Belot has filed a $50,000 bond with the following sureties: Frank Greenwell, V. A. Huguenard, S. C. Chapman, James McComb, John C. Rumbleo, George Gump, F. P. Otto, J. F. Touple, Jacob Belot and George F. Felts.

William Meyer filed his bond in the sum of $10,000, as county auditor, this afternoon. The sureties are J. F. W. Meyer, Christian Baade and C. F. Meyers.

COURT NOTES.

Chas. E. Zollars has qualified as a notary public.

Sheriff Melching sent Louis Redding to the Jefferson reformatory yesterday in charge of Deputy Sheriff Frank Whitney.

Dekalb county has sent to County Auditor Bobilya a bill for $533.45, the cost of trying the case of Sebastian Miller against the Wabash railroad, sent to Dekalb county from Allen county on application for a change of venue. It looks like an enormous bill for an ordinary suit and Mr. Bobilya will look into its merits.

Mena Martin sues Catherine Muller to recover $1,500 on a note. John H. Aiken is attorney.

David Lemay sues Jane Fairfield for $250. P. B. Colerick is attorney.

Examination by Cable Will be Too Expensive.

Prisoner Soon to Leave Devil's Island—Colonel Picquart Will Confer With His Attorneys.

PARIS, Nov. 17—It was announced today that M. Laborie, counsel for Colonel Picquart, who is now confined in the military prison of Cherche Midi, has received authorization to confer this afternoon with his client.

In legal circles here the belief is expressed that the court of cassation will shortly order the return of Dreyfus to France from his prison on Devil's Island, off of the coast of French Guiana, on the ground that it is impossible to carry on the examination of the prisoner by cable in view of the cost of such a proceeding, as well as in view of the necessary delay.

THE TOLBERT CASE.

It is Not Such as to Invite Federal Inquiry.

The Bunning Case is Different—Governor Ellerbe Could Not Guarantee Tolbert Protection.

WASHINGTON, Nov. 17.—James W. Tolbert has received Governor Ellerbe's answer to his telegram asking whether the governor would afford him protection from mob violence in returning to his home at McCormick, S. C. The governor's reply, which is substantially as published in this morning's papers, is regarded by Tolbert as a practical admission that the governor cannot afford him protection and therefore, it is said, it is not likely that he will jeopardize his life by returning to his home in the present state of excited feeling. Up to this time no definite plans with respect to the prosecution of the participants in the riotous proceedings against J. W. Tolbert have been decided upon.

The fact that Tolbert is the assistant postmaster at McCormick, and not the postmaster, may have an important bearing on the case. Assistants to fourth-class postmasters are not recognized by the law as officers of the government, they being appointed and paid by the postmaster. In the postoffice department they are recognized as miscellaneous employes.

Assistant United States Attorney Cochrane, from the Tolbert district has been ordered to Washington for conference with the officials of the department of justice, and upon his arrival here tomorrow the whole North Carolina situation will be gone over and a line of action decided upon. The case of R. H. Bunning, United States commissioner at Wilmington, N. C., is said to present none of the difficulties which appeared in the Tolbert case, and it is thought the instructions will soon be given the United States attorney there to make an investigation of the facts with a view to beginning proceedings.

WED AT ASHLAND.

Desha Breckinridge and Miss McDowell Married in Henry Clay's Old Home.

LEXINGTON, Ky., Nov. 17.—At Ashland, the home of Henry Clay, Lieutenant Desha Breckinridge, son of ex-Congressman W. P. Breckinridge and member of General C. C. Breckinridge's staff, and Miss Margie McDowell, daughter of Major H. C. McDowell, president of the Lexington and Eastern railroad and a great grand-daughter of Henry Clay, were married at noon today by Bishop Dudley, of Louisville.

Foreign Trades Barred.

YOKOHOMA, Nov. 17.—Advices received from Seoul say that the Corean government has issued orders that foreigners are to be stopped from trading in the interior. It is stated on good authority that the firm of Beyer & Peacock have agreed to make a loan of fifteen million yen to two Japanese railroad companies.

All the Lakeside young people, boys and girls between the ages of five and fifteen, are requested to meet in the Sunday school room on Friday afternoon at 4:15 o'clock to assist in organizing a Loyal Temperance legion. Mrs. C. A. Robbins has been appointed superintendent of the W. C. T. U. and Mrs. C. E. Heaton is assistant.

WHY IS IT

That Patterson's clothing business is such a success? Because the people are looking for better clothing this fall, which they find at Patterson's, and because a Patterson suit has the style, keeps its shape; and keeps its color if they say it will.

THE American peace commissioners in Paris have had the ball half a dozen times on downs. It is time to make a hot touch down and kick goal.

GENERAL MERRITT says the Filipinos "are children." True, perhaps, but they are bad children.

SCOURGE the gamblers from the city, Mayor Scherer. Enforce the saloon laws and apply the new curfew measure. You are under oath to enforce the laws.

THE ability of Dreyfus to sustain his present hard life, avoiding the temptation to commit suicide or die of despair, is now being explained in large type by an advertisement writer for a mineral water company, who announces that in his monthly list of wants forwarded to the French government the lonely prisoner includes two bottles of the company's water.

SUCH opposition as there may be to the candidacy of Chauncey M. Depew for the New York senatorship is said to find its source among the friends of the McKinley administration, such as Black, Payn and Aldridge, who are also against Platt. It is further said that Roosevelt can have Platt's support for the presidency if he will take the right course in the fight.

A BILL pending in the Georgia legislature, requiring separate sleeping cars for whites and negroes, had its origin in a singular incident. Two members of the state senate recently engaged berths in a Pullman sleeper. Afterwards they found that a negro and his wife had also secured a berth. The legislators demanded the negroes be ejected from the car, but the conductor declined. The bill was introduced in the legislature by one of the state senators, who refused to sleep in one end of a Pullman car with a negro slumbering in the other end. The bill has been reported favorably and the Pullman company is fighting it hard.

IT is for the United States and not Spain to define what the words "control, disposition and government" of the Philippines meant as the terms were used in the protocol. The settlement of peace is not a bargain-day incident, but the ending of a war in which Spain should realize she was disqualified from having much to say about the terms.

A KISS, the property of Minnie Seligman Cutting, the actress, which is brand new and as yet unkissed, is to be sold at auction at the Hebrew Charity fair in St. Louis during Thanksgiving week. Despite the way the hero-kissing craze has glutted the market, the fair managers hope to run the bidding up to $1,000, and since Miss Nethersole has declared she will kiss no more in public, the chances are all the brighter.

THE mutiny in Havana, resulting in the dissolution of the Orden Publico, indicates what would have happened in the course of time had the United States never interfered in the affairs of Cuba. That interference only hastened the end of Spanish rule. The maladministration of Spain, the non-payment of the Spanish troops, the systematic robbery by Spanish civil and military officers, would have brought on a revolution which would have been strong enough to drive Spain from the island. It is probable that the same course of events would have followed in the Philippines. When it is discovered that there is a murderer and thief in the house, there is no rest until his expulsion or capture, dead or alive. That discovery had been made in Cuba long before the Spanish-American war.

THAT GAMBLING GRANT—HOW ABOUT IT?

How comes it that the slot gambling machine crowd was emboldened to swoop down on this city and install a dozen or a score of their outlawed devices in the down-town saloons?

Did the mayor let it be understood that the move would be all right and was there given any guarantee of immunity?

Would not the slot-machine crowd consider it a valuable public concession worth paying well for and is it not likely that some one has been or will be well paid for it?

Who got or who gets the pay for this iniquitous franchise?

It is not likely to be found in the municipal treasury, is it?

What about this "divy" if there is one, and there must be?

Who is "in on it?"

Whose pockets are bulging with this blood money?

For how long a term was the gambling grant made?

Cannot Mayor Scherer annul it by dragging the slot machines from the conspicuous places they occupy in the saloons, confiscating them under the law and destroying them as his duty requires him to do?

Will Mayor Scherer do this and rebuke the suspicion that is gathering about the city hall?

Can Mayor Scherer afford not to do it?

THE MAYOR MUST DO IT.

It is to Mayor Scherer and not to the board of public safety or the superintendent of police that the people of this city are looking to suppress gambling. Under the charter the mayor's power is absolute. Neither his boards nor his police superintendent can inaugurate any administrative policy and carry it out without his sanction. He may remove them at will if they brook his displeasure and replace them with men who will do his bidding. The entire responsibility for the proper government of this city, for the execution of its laws rests upon the shoulders of the mayor and he cannot escape it for the charter has placed it there and there it must remain.

If Mayor Scherer means to suppress gambling in this city and intends to force the saloons to yield obedience to the laws he himself must issue the order. He has only to tell the superintendent of police to raid the gambling houses, arrest the gamblers and seize and destroy the paraphernalia and it will be done. He has only to tell his police superintendent to enforce the liquor laws and they will be enforced.

But the orders must be issued in good faith. They must have no "strings to them." The mayor must first convince himself that he means to fulfill the obligations of his oath of office and permit his police to be in no doubt that he means it. That will do the business.

Mayor Scherer is responsible for the suppression of law-breaking and the people are looking to him for action.

Trolly Car Runs Away.

TACOMA, Was., Nov. 17.—An electric street car on the Tacoma railway line was derailed five miles from the city on the Sterlacom road last evening by the controller refusing to shut off the current on a heavy down grade. The car was smashed to splinters by striking the side of a cut ten feet deep, through which it was traveling. Seven persons were aboard and all were injured.

AMONG THE LODGES.

An Indian Outbreak Will Occur in This City.

Wigwams, Braves and Squaws at Princess Rink--Notes of Interest Gathered in Fraternal Circles.

The Independent Order of Red Men will next week formally establish a "trading post" in Fort Wayne and will officially launch that social auxiliary to their organization by giving an entertainment at Princess rink on a grand scale.

The Independent Order of Red Men is probably the most unique organization in existence. Its ceremonies are weird but fascinating, its regalia is descended from the dress as worn by the Indian in his primitive sphere and there are many features to remind one of the days when the red men roamed the wilderness of America and was truly the lord of all he surveyed. While the Order of Red Men has its peculiar customs it is classed among the staunch and progressive fraternal organizations of the country and there is a lesson behind these things that some people, in ignorance, might call foolishness. There is a limit in the ceremonies and a decorum in the regular sessions of the lodge that do not permit of social pleasures to an extent that the members crave and to fill this want a social auxiliary called a Trading Post has been organized, under the sanction of the grand lodge. To the Trading Post will all of the social events of the lodge be referred in the future.

The Mechecannochqua tribe, assisted by the Ladies of Pocahontas, will conduct the Trading Post at Princess rink all of next week, beginning next Monday. Special Indian attractions have been arranged for each evening and Thursday afternoon. These will consist of war dances, Indian maiden's trail, Indian village representing Indian life, tableaux, a mystery lodge, and other features too numerous to mention. There will be an excellent musical program and dancing from 10:30 to 11:30. Every evening the Indians can be seen on the trail between the south depot and the rink.

HIBERNIAN RIFLES

The Hibernian Rifles entertained their young lady friends at progressive pedro in their armory last evening, thus taking the initiative toward the organization of a ladies' auxiliary, which is greatly desired by the members of Captain Ford's command. About thirty couples were present. After about two hours had been devoted to pedro, the prizes were awarded, and the balance of the evening devoted to a social session, which included light refreshments. The prizes were awarded as follows: Lady's prize, handsome mounted pocketbook, Miss Clara Mettler; gentleman's prize, oxidized silver cigar case, filled with choice cigars, Hugh Hogan, jr.; lady's booby prize, china doll, Miss Kate Roach, and gentleman's booby prize, tin horn, Cornelius Daneby.

LADIES' AID, S. OF. V.

Last Tuesday evening the Ladies' Aid society to the Sons of Veterans held one of the most interesting sessions in the history of the organization, there being at that time a discussion which took in the retrospect and the prospect of the society. Next Monday night Miss Addie Wallace, of Indianapolis, the state inspector, will be here to conduct the annual inspection and every member will no doubt be on hand at such an important meeting. The Sons of Veterns are also invited. Refreshments will be served.

On Tuesday evening Miss Wallace will be tendered a public reception at the G. A. R. hall, No. 80 Calhoun street, when a program of addresses and music will be carried out. The public is invited, especially all soldiers, their wives and families.

RATHBONE SISTERS.

For the first time since this lodge came into existence eight years ago the ranks have been broken by the death of a member, in the person of Mrs. Charles Thomas. The obseques of this estimable lady were held last Tuesday and were conducted under the auspices of the sisters, who carried out the beautiful and impressive ritual of the order.

A committe has been appointed to revise the by-laws.

The members of the order were entertained this afternoon at the home of Mrs. A. W. Clark, No. 21 Orchard street, the hostess being assisted by Mesdames Hartle, Kemp and Shaw. The ladies were given a grand time.

THE FRATERNAL MYSTIC CIRCLE.

The ruling will have an annual meeting on November 23, when officers will be elected and other business transacted.

The members of No. 662 to the number of forty invaded the home of Brother John Haag last Sunday evening and tendered their congratulations, it being the occasion of his fortieth birthday anniversary. Games and music were the chief features of entertainment, and during the evening a two course supper was served.

A new ruling of the Fraternal Mystic Circle will be instituted this evening, in the hall, over the gas office. Members of Fort Wayne ruling and visiting brothers are invited to attend this meeting.

PATRIARCHS MILITANT.

The grand encampment, Patriarchs Militant, held its annual session in Indianapolis with about 300 delegates in attendance. At the morning session the reports of the officers were read. Grand Patriarch J. I. McCoy gave a general review of the year's work, showing that there has been an increase in membership. The report of W. H. Leedy, grand scribe, shows that there are 211 encampments now effective with a total membership on June 30, 1898, of 10,872. The total amount paid for relief and charity was $19,950.70 and the total expenses, including relief, $36,515.60. The total relief expended in fifty-one years was $396,798.04. For the year ending November 1, 1898, the total receipts were $4,975.75; balance in the treasury, $2,063.57.

At the afternoon session the reports of the standing committees were read and discussed. Considerable routine business was also transacted. Officers were elected as follows:

Grand Patriarch—John F. Mann, Decatur.

Grand High Priest—J. N. Nuzun, Elwood.

Grand Senior Warden—H. C. Scarce, Mooresville.

Grand Junior Warden—J. D. Henderson, South Bend.

Grand Scribe—W. H. Leedy, Indianapolis.

Grand Treasurer—A. C. Dailey, Lebanon.

Trustee—S. P. Stroupe, Fairland.

The grand lodge will be in session today. The question of a new building will be discussed and whether it will be erected or not depends upon the action of the lodge.

WOMEN'S RELIEF CORPS.

This well known society continues to flourish, gaining new members at almost every meeting. At present they are assisting the post in perfecting arrangements for a grand house warming at the new hall in the Elektron, to be given in the near future.

They were the recipients of a surprise at the last meeting, when a committee from Company G, One Hundred and Fifty-seventh regiment, consisting of Isaac Clippinger, Harry Fisher and Frank Brower, asked admission, and brought with them a handsome picture of the boys of Company G. Nothing could have given greater pleasure, for Corps No. 7 has watched with interest second to none, the doings of the young soldiers, and when the nation's Sabbath, Memorial day, shall come, a wreath of evergreen shall adorn the picture in honor of those who came not back again, but are resting in "the low green tent, whose portals never outward swing." In few but hearty words Mr. Clippinger made the presentation, which was responded to by the president on behalf of the corps, whose words were heartily endorsed by all.

A. O. U. W.

Summit City lodge No. 36 will arrange tonight to give a series of entertainments during the winter. T. D. Neal, grand master workman of the order, is expected to be a guest of the lodge.

Despite the inauguration of new societies in Fort Wayne at irregular intervals, the enthusiasm manifests at the meetings of old No. 19 still prevails. Tomorrow evening will be a gala day in the annals of the lodge. Visiting brethern from the other lodges of the city will be entertained at the initiatory exercises and there will be several candidates. Besides this program the lodge will vary its ordeals by entertaining Grand Master Workman T. D. Neal, of Indianapolis; Congressman J. M. Robinson and other distinguished guests, who will respond to toasts at a banquet and smoker to follow the regular fraternal exercises of the evening. Preparations have been made for a glorious gathering of the members of old No. 19 Let every brother be present and enjoy the good things.

K. O. T. M.

Mad Anthony tent No. 95 held a special review last evening, and after the business session was over, the members relapsed in that delightful state of recreation called a "smoker." They smoked away the hours, swapped stories and entertained the guest of honor, J. W. Replogle, great record keeper, of Goshen, Ind., who delivered an address.

Wayne tent No. 54 will have a regular review this evening and it will be followed by an entertainment program. A surprise will be sprung after the exercises.

SONS OF VETERANS.

This evening at G. A. R. hall, 80 Calhoun street, Col. E. S. Walker camp, No. 159, Sons of Veterans, will give an entertainment, followed by an oyster supper. This will be the last social the Sons of Veterans will give before moving into their new hall in the Elektron building, about December 1. On Tuesday, December 6, will be the annual election of officers of the camp, when the officers for the new year will be chosen.

THE PATHFINDERS.

This new lodge held a rousing meeting last evening, when a class of twenty-seven members was taken in. One hundred and eighteen members contributed to the success of the occasion by their presence. For a new lodge the Pathfinders are doing remarkably well.

DAUGHTERS OF REBEKAH.

The ladies of Deborah lodge No. 110 have just completed arrangement for a union social to be given at Harmony hall, 20 West Berry street, Friday evening, Dec. 9th. Supper will be served from 5 to 8.

G. A. R.

On Friday night Anthony Wayne post will have the annual muster and inspection. F. W. Keil has been appointed deputy inspector by the staff inspector and will have charge of the work, assisted by his regular staff.

ROYAL ARCANUM.

A special feature of the meeting of Howard council tomorrow evening will be too good to miss and there will certainly be a large attendance. This will be the last meeting before the election.

KNIGHTS OF PYTHIAS.

Phoenix lodge No. 101 will give a progressive pedro on the evening of Monday, Nov. 28th. Next Monday evening N. W. Bloom will receive the obligations of the third rank.

I. O. O. F.

Six hundred and thirty-five delegates attended the grand lodge, I. O. O. F., of Indiana, at Indianapolis Tuesday and Wednesday. The morning session was taken up in receiving the delegates and reading the reports of officers. The most important matter before the present session is the question of building a new grand lodge hall and this was taken up this morning.

The report of W. H. Leedy, grand secretary, shows the number of lodges effective in Indiana to be 633, with a total membership of 46,095, a net gain of 1,818 members. The total receipts were $230,332.92; expenses of lodges, $83,453.60; expenses of lodges, including relief, $165,205.33; dues grand lodge, $11,096.68; total resources, $2,538,249.11; less indebtedness, $289,265.63; total net resources, $2,248,983.48; total relief given, $81,751.73. The net resources average $48.71 a member. The receipts from all sources average $4,977 a member. The expenses, $1,814 a member. Dues to grand lodge average twenty-four cents a member. From May 1, 1898 to November 1, 1898, the receipts were $12,701.26.

James A. Wildman, grand treasurer, reported on the general fund as follows:

Balance on hand last report, $7,399.41; received from W. H. Leedy, grand secretary, $12,701.26; total receipts, $20,100.67; orders paid, $11,874.26; balance on hand, $8,226.41; total, $20,100.67.

The report of the Grand Lodge Hall association for the six months ending November 1, 1898, shows total receipts of $10,585.99, and expenditures $10,032, leaving a balance in the treasury of $533.99.

The nomination of officers was made this afternoon. O. N. Cranor, of Muncie, was elected grand master without opposition.

DEGREE OF POCAHONTAS.

The Degree of Pocahontas had two applications for membership at the regular meeting last Saturday evening. The next regular meeting will be held Saturday, December 3d, instead of November 26th, for the reason that they will have their entire time taken up at the trading post. This trading post, which is given by the Red Men and the Degree of Pocahontas, is to be a grand affair and will be entirely different from anything ever given before in this city. This is given for the benefit of the widows and orphans of the deceased members of these two orders.

UNION VETERAN LEGION.

Encampment No. 51, Union Veteran Legion, will at the next regular meeting, Monday evening, November 21, nominate the officers for the coming year. It is expected that every member in good standing will be present, both at that meeting and the next, two weeks later, December 5, when occurs the annual election of officers to serve during 1899. The encampment is prospering in every way and great importance is attached to the election of officers for the ensuing year.

LADIES OF THE G. A. R.

Last Monday evening, at their hall in the Bank block, S. W. Stirk circle, No. 18, Ladies of the G. A. R., held their annual inspection, Mrs. Truman, of Logansport, acting as inspecting officer. Mrs. Truman complimented the circle very highly on the very creditable condition of looks and growth of the society. After the inspection the ladies served a luncheon, which was enjoyed by a large number of the members of the G. A. R. and other invited guests.

TRIBE OF BEN HUR.

Last Thursday evening, despite the inclement weather and counter attractions. Ben Hur court No. 96, gave one of the most delightful entertainments and hops of the season in their dancing hall above the lodge room. The affair was given for the benefit of the young members and their friends, and the committee spared no pains to make it a success. The new team will exemplify the degree work tonight on one or two candidates. Every member should be present.

K. AND L. OF COLUMBIA.

The Knights and Ladies of Columbia will initiate another class of novices tonight. An entertainment will be given soon and all members are expected to be present tonight to take an active part in the preparations. An elegant initiation drill has also been substituted for the old one and will be used in connection with tonight's work. All sojourning knights and ladies will be given a hearty welcome.

LADIES AUXILIARY B. OF L. E.

The E. F. C. T. auxiliary will give a reception and dance at Miss Mulqueen's dancing academy over Lehman's book store, Friday evening, November 18. A cordial invitation is extended to all their friends to be present and thus help the ladies in their efforts to furnish pleasant and home-like rooms at each hospital for those who may be so unfortunate as to need them.

ELKS.

Four candidates were initiated last Friday evening. A committee has in preparation the program for the memorial exercises to be held at the Masonic Temple Sunday evening, December 4th.

IN A FEW WORDS

Sufferers from Piles May Learn of a Harmless, Lasting Cure.

There are plenty of pile cures which give relief and some times cure a mild case of piles, but there is only one which can be depended upon with certainty to cure obstinate, long standing cases and that is the Pyramid Pile Cure.

Endorsements and testimonials are received daily from men and women whose integrity and reliability are above question and in this connection a letter received from the Rev. James H. Westbrook, of Bowne, Mich., may be of interest to pile sufferers who have sought in vain for a cure. He says:

I have used the Pyramid Pile Cure and I know that it is all that is claimed for it. I had been troubled with piles more or less for about eighteen years and I had tried other remedies, but the piles grew worse until about ten months ago I used the Pyramid Pile Cure. It gave almost instant relief and I have been free from piles ever since.—Rev. James H. Westbrook.

Mr. Frank Smith, the well known and popular druggist of Ypsilanti, Mich., in speaking of the Pyramid Pile Cure, says: "A year ago I sold C. C. Potter, 119 Hamilton street, Ypsilanti, Mich., a box of the Pyramid Pile Cure. He made the following statement to me to day: 'I have been troubled for twenty years with itching piles. Have tried nearly everything that promised relief, but got very little help until one year ago I called on my druggist, Frank Smith, and got a box of the Pyramid Pile Cure. The one box used according to directions was, in my case, a perfect cure, as a year spent without any symptoms of the trouble has convinced me.'"

Although comparatively new remedy, its popularity is such that all druggists now sell it; if your druggist hasn't it in stock, he will get it for you if you ask him at 50 cents and $1 per package.

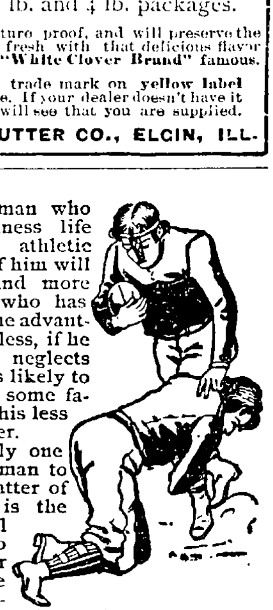
THE ELGIN BUTTER CO., ELGIN, ILL.



The young man who starts in business life with a good athletic training back of him will be able to stand more than the man who has not had the same advantage. Nevertheless, if he overworks and neglects his health, he is likely to fall a victim to some fatal malady like his less fortunate brother.

There is only one safe road for a man to tread in the matter of health. That is the road of eternal vigilance. No man, no matter how strong he may be naturally, can with impunity neglect the little ills and indispositions of life. These little disorders are what make the big ones. When a man suffers from headaches and loss of appetite, feels drowsy and dull during waking hours, cannot sleep at night and is nervous and shaky at all times, he is in a dangerous condition. If he long neglects his condition he will find himself a very sick man. Dr. Pierce's Golden Medical Discovery is the best of all medicines for the many diseases that are caused by an impaired digestion and insufficient and improper nourishment. It creates a hearty, healthy appetite; it makes digestion and assimilation perfect; it invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and nerve tonic. It is the best of all medicines for nervous disorders and it cures 98 per cent. of all cases of consumption, if taken in its earlier stages, before the lungs are too far wasted. For chronic, bronchial, throat and nasal affections it is an unequaled remedy. An honest dealer will not suggest some inferior substitute.

Rev. C. M. Lemond, (P. O. Box 207), Quanah, Hardeman Co., Texas, writes: "I write to say that during the late trouble between the States it became my duty as well as privilege to speak in the open air at night, which produced slight hemorrhages and loss of voice from which I had suffered more or less for a number of years, until that God-send 'Golden Medical Discovery,' given to the world by the inventive and scientific brain of Dr. R. V. Pierce, was obtained. After six bottles had been used the pains and aches in my lungs began to give way, and now I feel that, with a judicious course of life I may live many years. I thank God for giving to the world a man who has done so much for suffering humanity."

NORTHERN INDIANA NOTES.

Miss Lulu Parkhurst, pianist, has been added to the faculty of the Bourbon college.

H. S. McIntosh and L. B. Fretz, of Auburn, have leased the Silver Dawn at Waterloo, and will take possession of the office this week,

At Huntington the family of Fred C. Johnson had a narrow escape from asphyxiation by coal gas which poured from a stove and filled the house while the family was asleep.

At Plymouth the city council settled the claims of Attorney Hess and Attorney Shunk to the office of city attorney, by declaring the position vacant, and electing ex-Mayor Johnson to the vacancy.

The Delaware county grand jury has returned an indictment against Rev. C. U. Wade, presiding elder of the Muncie district, North Indiana M. E. conference, charging him with cruelty to his horse. Rev. Wade was formerly pastor of the M. E. church at Bluffton, and has always been highly esteemed.

Graham Earle, the actor well known throughout northern Indiana, and his wife have become estranged, and it is said Mrs. Earle will ask for a divorce, charging inconstancy. Mrs. Earle was formerly Miss Hammill, of Kendallville. Prior to her marriage with Earle he had for years been presenting the leading lady of his company, known on the stage as Agatha Singleton, as his wife. When he married Miss Hammill, Agatha Singleton had him arrested and jailed in Albion for bigamy, seeking to establish a common law marriage.

OVERWORKED WOMEN.

Letters to Mrs. Pinkham From Women Who Have Been Helped From Sickness to Health.

The ordinary every-day life of most of our women is a ceaseless treadmill of work. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung!

The following letter from Mrs. WALTER S. BANTA, Sparkill, N. Y., tells the story of many women, and shows them how to get relief:

"DEAR MRS. PINKHAM:—I cannot thank you enough for all Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to you I had suffered for years with falling, inflammation and ulceration of the womb; my back ached, and I was so much distressed I could scarcely walk. I was a burden to myself and did not care whether I lived or died.

"I have taken five bottles of your medicine and it has done wonders for me as all my friends can testify. I can now do my own work, and do not know how to express my gratitude to you for the good your medicine and advice have done me, I owe my life to Mrs. Pinkham."

Mrs. Pinkham's counsel is offered free to all women who need advice about their health. Her address is Lynn, Mass. Mrs. P. H. HUTCHCROFT, Kellerton, Iowa, tells here in her own words how Mrs. Pinkham helped her:

"DEAR MRS. PINKHAM:—I was in a very bad condition before I wrote to you and began the use of Lydia E. Pinkham's Vegetable Compound. I did not know what to do. I suffered terribly every month, when on my feet would have such a bearing-down feeling, was very weak, womb was swollen, back ached, appetite was very poor, also had trouble with my head. I have taken several bottles of your Compound and cannot say enough in its favor. It helped more than all the doctors."

ST. NICHOLAS MAGAZINE

CONDUCTED BY MARY MAPES DODGE

This magazine for boys and girls is without a rival in its field. The features for the coming year will gain for it a host of new friends. A few leading attractions are:

A New Henty Story,

THE SOLE SURVIVORS,

By G. A. Henty.

This is a tale of early American history, by the favorite story-teller of American and English boys.

TRINITY BELLS,

By Amelia E. Barr.

A delightful historical romance for girls, dealing with life in Old New York, and written by one of the most spirited and conscientious American authors.

A STORY FOR GIRLS.

Laura E. Richards.

No writer is more welcome to the young folk of today than the author of "Captain January," and this is one of her best efforts.

BRIGHT SIDES OF HISTORY,

By E. H. House.

A series of amusing episodes of history, ancient and modern, told in an entertaining way. It will awaken a new interest in this important branch of study.

Mrs. C. D. Sigsbee, the wife of the captain of the battleship Maine, will write about "Pets Afloat."

Also contributions from **Mrs. Burton Harrison, Clara Morris, Gelett Burgess, Lloyd Osbourne, Lt. Endicott, Poultney Bigelow, Lt. Peary**, etc., etc.

SHOP AND RAIL.

Former Fort Wayne Citizens Here on a Sad Mission.

Came to Attend the Funeral of the Late J. C. Hewes--A Conductor's Narrow Escape.

A number of old time Pittsburg shopmen and shop foremen are here today to attend the funeral of the late James C. Hewes, which occurred this afternoon. Among them is the venerable James M. Boone, of Chicago, who was the master mechanic of the Pittsburg fifteen or twenty years ago and who designed the Boone engine, which in its day had no equal for speed. Mr. Boone, when he left this city, went to the Northwestern as master mechanic and served in that capacity one year. Then he was appointed superintendent of motive power of the West Shore, which office he resigned about a year ago on account of being deprived of the sense of hearing to such an extent as to make conversation almost impossible. He is now living a retired life in Chicago. Miss Ida Boone accompanied her father to this city and is the guest of Mr. and Mrs. A. Wilson, of Park avenue.

Other Pennsylvania employes from abroad who are here on the same sad mission are Master Mechanic J. E. Keegan, Clark Slocum, George Simpson and Harry Turner, of Grand Rapids.

A Conductor's Narrow Escape.

James H. Brokaw, Grand Rapids and Indiana passenger conductor, is congratulating himself upon his safe arrival home. A month ago Mr. Brokaw went into the forests of Minnesota and pitched his tent upon the banks of Leech lake, a pretty and unfrequented body of water many miles from any habitation save that of the Indian. There he and two or three companions remained until last week, hunting deer and other game, which abound thereabouts. Mr. Brokaw had been in that vicinity before on a similar mission, and then his tent was visited daily by other hunters and friendly Indians. But this year not a visitor appeared and Mr. Brokaw wondered thereat. The mystery was solved, however, when he reached a white settlement en route home. He had located his camp between hostile tribes of Indians, and during his sojourn there several conflicts took place, one of them almost within sight of his tent. But Mr. Brokaw witnessed none of the bloody scenes, and he remained the allotted time, hunting and fishing, in blissful ignorance of the danger that threatened him. That country, Mr. Brokaw says, has suffered from a drought, and as a consequence game is not as plentiful there this year as it was in former years. He was successful, however, in killing several fine deer.

Hunting a Factory Site.

The Withington Handle company, of Huntington, is dissatisfied with its location and has commenced a canvass of the field for a new location. Yesterday its superintendent, E. J. Vaughn, was in the city in consultation with the business men and capitalists relative to a site here. The company also has a plant at Jackson which it might decide to consolidate with the Huntington plant and locate in Fort Wayne if they are successful in getting suitable buildings and grounds. The reason for wanting to change location is alleged to be poor shipping facilities at Huntington. Mr. Vaughn said the company would like to locate along the line of the Nickel Plate, because a good share of the material used in the manufacture of their products comes from points on that road; also that their best customers were Cleveland, Buffalo and other cities reached directly by the Nickel Plate. The Huntington plant expends about $40,000 yearly for labor.

A Non-Changeable Ticket.

With the new year many of the big railway companies will put in service a ticket that cannot be changed. What is called safety paper will be used. It will retain anything written on it in ink until the last particle of the material is entirely destroyed. If a knife be used in attempting to erase a name the surface of a ticket will have to be destroyed, disclosing the inside of the paper, which will be of another color. This ticket will also be acid proof. This has been accomplished by using certain acids in the making of the paper that will counteract any acid that may afterwards be used on it.

Will be Only an Insignificant Branch.

S. C. Reynolds, the Toledo millionaire, who is a director of the Wabash railroad company, has just returned from a meeting of the company's directory in New York and says positively that the construction of the connecting link between the main line, which was formerly the Detroit division, and the Toledo branch will begin in the early spring. The route was surveyed last spring but President Ashley vigorously denied that the road would be built in the near future. The utterances of Mr. Reynolds, however, are categorical and are accepted as settling all doubt of the construction of this twenty-five miles of road. The Wabash will have two entrances to Toledo and it is expected that all traffic which is to be sent east over lines south of Lake Erie will be taken to Montpelier and thence routed over the new cut-off to Toledo, instead of being hauled over the old line from Peru to Toledo. The building of the cut-off inevitably marks another stage in the decay of what was formerly the main line between Peru and Toledo, but which in another year will be but an insignificant branch.

Making Up Lost Time.

It is not an uncommon thing for train 3, (formerly No. 5) on the Nickel Plate, to make up from sixty to seventy minutes lost time on the run between Bellevue and Chicago. It accomplished that feat last night and that, too, under circumstances not favorable for fast running. The train was two hours late when it reached Bellevue, but it went into Chicago less than one hour behind schedule time. This train waits at Buffalo for eastern passengers and mail, turned over to it from the West Shore and the trains on that line are very frequently late in reaching the Bison city. Last Monday the West Shore put on a new train to run between New York and Buffalo, which is scheduled higher than any train previously running on that line.

A New Patrolman.

Captain Henry Stoll, of the Pennsylvania police department, yesterday appointed Henry G. Harrman a patrolman, to succeed George B. Nicely, resigned. The new officer has already assumed the duties of the office. Mr. Nicely will return to his old home, near Warsaw, and engage with his father in the stock-raising business. He performed his duties well when on the police force for the railway company, and officers and fellow patrolmen regret his resignation.

Don't Owe a Cent.

Secretary J. W. Burns, of the Railroad Y. M. C. A., last Tuesday paid the last debt incurred by the late conference of the association workers in this city a few weeks ago. Mr. Burns says the association is now completely out of debt; in fact it does not owe a cent on real estate or otherwise, a condition which testifies to the excellence of the management.

A Shopman Honored.

Charles Daseler, assistant foreman of the Pittsburg paint shops, was treated to a most pleasant surprise last evening, when the members of the Walther League orchestra, of which he is also a member, marched in his home and proceeded to take possession thereof. The men were accompanied by their instruments and the evening was devoted to music, interspersed with conversation and refreshments. It was one of the most pleasant affairs that the orchestra has been privileged to enjoy for many a day. Mayor Scherer was in the party. Mr. Daseler resides on East Creighton avenue.

Many Different Patterns of Drawbars.

It was stated in a paper recently read before the Western Railway club that there are at present seventy-seven different makes of drawbars of the Master Car Builders' association type, and that these have ninety-three different styles of knuckles, nine of the drawbars having two, and two of the drawbars having three knuckles each, the knuckles interchanging with each other in only one instance. The weight of fifty-six of the knuckles whose weight is known runs from thirty-four pounds to sixty-six pounds each, the average being forty-eight pounds. To keep one of each of the ninety-three patterns on hand in a way car or at an interchange point would aggregate 4,464 pounds, which, at 3½ cents per pound, would cost $136.41, and to furnish one of each of the knuckles at sixteen interchange points, and for twenty way cars would require an outlay of $5,624.64.

Wreck on the Pittsburg.

At 11 o'clock this morning the Pennsylvania crew was called to Lafayette, Ohio, to clear the tracks, which were blocked by freight cars. Five cars in eastbound train No. 78 left the rails and piled themselves up across the tracks in such a manner as to completely block the road. It is thought that the tracks will be cleared before any serious inconvenience to passenger traffic occurs. Lafayette is the first station east of Lima and is sixty-seven miles from this city. The wreck train was given the right-of-way and it covered the distance in a trifle over one hour.

General and Local News.

Peter Merz is on the sick list. He is a car builder.

Fireman O. Emenners, of the Lake Erie and Western, is on the sick list.

A. Hettler, of the Pittsburg shops, is at work again after a brief illness.

Nickel Plate Engineer George Quidore is taking a brief respite from his labors.

Switchman Ross Gardner, of the Pittsburg, has taken a lay off to attend to some private business.

Brakeman Charles Vordeman, of the Nickel Plate, has taken a lay off for the purpose of hunting quail a few days.

John Potter, the cabinetmaker, has resumed work in the Pittsburg shops after a few days' absence on account of sickness.

I. A. Gorman has assumed the duties of station master of the Pennsylvania lines at Richmond, Ind., vice L. A. Barber, deceased.

I. Bott and John Hayes, of the Pittsburg blacksmith shop, are sick.

J. B. Barnes, superintendent of motive power of the Wabash, spent a few hours in the city yesterday.

C. Engelking, of the Pittsburg blacksmith shop, yesterday moved his family into the house at 172 Ewing street.

C. W. Braden, traveling auditor of the Nickel Plate, is in the city today, checking up accounts with the freight and passenger agents.

Among the shipments from the electric works today were a 100-light machine to Washington, and a 65-light dynamo to Bluffton, Ind.

Henry Toenges, a car builder, had the misfortune yesterday to sprain one of his knees most painfully. He will be unable to work for a few days.

W. H. Cour, boilermaker, and H. H. Knoll, machinists' apprentice, of the Wabash shops, are sick. The former has gone to the company's hospital at Peru.

William Palmer, foreman of the axle makers at the Bass blacksmith shop, has recovered from a carbuncle on his back, which disabled him several days.

W. Sudebrink, car builder; F. Schramm, patternmaker, and Louis Gronau, of the planing mills, Pittsburg shops, are on the sick list. The latter has rheumatism.

Operator W. C. Norton, of the Nickel Plate, has been transferred from the yard office in this city to Latta, Ohio, and John Hughes has taken the place vacated by Mr. Norton.

Secretary J. W. Burns, of the Railroad Y. M. C. A., and Freight Agent C. H. Newton, of the Wabash, went to Lafayette this morning to attend the state convention of the Y. M. C. A.

Assistant Foreman Frank Fox, of the Pittsburg round house, had the misfortune to painfully wound one of his thumbs with a sliver of iron a few days ago, and has since been unable to work.

The Pittsburg boiler shop suspended work this afternoon on account of the funeral of the late foreman, James C. Hewes. Other departments of the shops were badly crippled, so many of the men being off for the same purpose.

Fred Wahrenberg, the car builder, is recovering from an attack of typhoid fever, which threatened to prove fatal last week. He has left his bed and is able to walk about the house and if he receives no backset, will be at work in a week or two.

Engineer E. C. Irish and Fireman W. C. Ernest, of Peru, came up here today to get passenger engine 602, which has just been turned out of the Wabash shops after light repairs. This engine was in a collision near Huntington a week ago. Mr. Irish formerly resided in this city and for several years ran an engine on the Nickel Plate.

The Central railroad, of New Jersey, sent word to the city officials in Jersey City that it is ready to pay the city $500,000, which represents the amount of back taxes due the city from that company. The payment of the money will mark the end of a long fight between the city and the railroad company over the latter's back taxes, which have been accumulating for some fifteen years.

INDIANA OFFICAL RETURNS.

Head of the Republican Ticket Fails to Lead--The Majorities.

INDIANAPOLIS, Nov. 17.—Returns have been received from all counties in Indiana, showing the vote of the state in the recent election. The republican plurality is as follows: Hunt, secretary of state, 16,899; Hart, auditor of state, 17,681; Levy, treasurer of state, 16,930. Hart, for auditor, received a majority over all competitors of 840. Levy, for treasurer, has a majority of 432. Hunt did not get a majority, lacking 699 votes.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

BOARD OF WORKS.

Will Hear Objections to High Street Pavement.

A Petition is Being Circulated for an Asphalt Pavement on Lavina Street--Municipal Notes.

The board of works will hold its regular meeting tonight and much business of importance will be transacted. Objections will be heard to the following improvements: Asphalt pavement on High street; brick sidewalk on the south side of Columbia avenue from Old Fort street east; brick sidewalk on the west side of Fairfield avenue from Organ avenue to Nuttman avenue.

Sealed proposals will be received for the following improvements: Paving the alley between Main and Berry streets from Maiden Lane to Webster street; paving the alley between Jefferson and Lewis street, from Calhoun to Harrison streets; for the construction of a brick side walk on the east side of Caroline street, from Suttenfield to Pontiac streets; for the construction of a vitrified clay pipe sewer in the first alley south of Putnam street, from Andrew to Sherman streets.

THEY WANT ASPHALT.

The vast difference between the paved and unimproved streets during the open weather has created a desire in the minds of many property owners for more pavement. A petition is being circulated for a sheet asphalt pavement on Lavina street from Fairfield avenue to Broadway, and inquiries made of city officials indicate that there will be many more petitions circulating before many weeks. First before the board will probably be first granted.

MUNCIE'S CHILD MURDER.

Fred Oland, 10 Years Old, Accused of Killing Andy Bodemiller.

MUNCIE, Ind., Nov. 17.—The shooting to death of the five year old boy, Andy Bodemiller, remained a complete mystery until 5 o'clock last evening, when little Michael Botts, four years old, and his seven year old brother, Robert, told the officers that Fred, the ten year old son of Thomas C. Oland, a saloonkeeper, had killed the child.

The Oland boy was found, and for a time made a denial, but finally said he shot at a rabbit and killed the boy. Later he denied this statement and said all that he had told was a lie and that he had not seen the murdered child. He was placed in jail.

Easy and Simple.

Don't you remember what a task the bath was when you were a child. Remember that patient mother? Perhaps she had several children to put through the process. Every one whined about it. What a difference now! The bath is easy. The child can take it all alone. No older head needed. It's a real pleasure to bathe in one of our tubs.

CHICAGO, Nov. 17.—For Indiana: Probably showers tonight and Friday; southerly winds.

NEWS NOTES.

Mrs. Dr. Enslen has returned from a visit at Elida, Ohio.

Professor Verwiere is instructing a ladies' band at Waterloo.

D. P. Phillips, a dramatic agent of New York City, is in the city.

The Morning Musical chorus met at the Fort Wayne club this morning.

The Fort Wayne Grays will give a smoker at their hall Thanksgiving evening.

The Universal Brotherhood will meet this evening at the rooms, 29 East Berry street.

Mrs. Hiram Von Sweringen and Mrs. Frank Sweringen have returned from a visit in Chicago.

The Woman's Missionary society of Westminster church, will meet in the chapel, Friday, at 2:30 p. m.

Charles W. Wilding has gone to Indianapolis on business for the Tri-State Building and Loan association.

The Daughters of Isabella will give an entertainment this evening. It will be in the nature of a card party, social and luncheon.

The Amicus club met with Mrs. Jesse Patterson, on West Creighton avenue, this afternoon. Women of revolutionary times was the program.

Benjamin F. Rosseau, manager of Swift & Co.'s Fort Wayne branch, will leave for Kansas City tonight on a business trip. He will be absent until the holidays.

Among the guests at the Wayne: C. Stahl, Terre Haute; Charles R. Spooner, Grand Rapids; C. A. Asterlin, Bellevue; Harry C. Howard, Kalamazoo; George King, Detroit.

Mr. Niemann has just returned from Chicago, where he purchased furniture. The rear portion of the building will be occupied by Oscar Wobrcck for a saloon.

Rev. L. L. Henson, pastor of the Baptist Tabernacle, brought up the cases of J. W. Wells, J. W. Minnich and William Hill, after prayer meeting last evening and the board of deacons recommended that the church withdraw the hand of fellowship in each case. After discussion it was decided to postpone the final action until next Wednesday evening and a committee was appointed to notify the accused men that the matter would be further considered at that time.

Rev. L. J. Motschman, of Beatrice, Neb., has accepted a call to the pastorate of Christ's Evangelical church, at the corner of Jefferson and Webster streets, and will assume his charge Sunday, Dec. 4. Rev. Motschman comes well recommended. He graduated from the Western university, took a theological course at the Wittenberg seminary at Springfield, Ohio, and completed his theological studies at Berlin, Germany. He preached before the congregation last Sunday evening, when he made such a favorable impression that a unanimous call was extended to him.

William H. Brudi, the Bloomingdale miller, is giving flour away today, this carelessness being due to the confusion over the arrival of a son and heir at his home this morning. Mr. Brudi is as jubilant as though Dewey had won another victory.

THE SENTINEL was misinformed when it stated Tuesday that Mrs. Clarence S. Smith was still in critical health, with but little hope of immediate recovery. Mr. Smith says Mrs. Smith is in greatly improved health and able to be about. He is much encouraged by her condition that she will soon be quite recovered.

The gospel meetings at the West Creighton avenue Church of Christ are still in progress. Indications are favorable for a great revival tonight. Rev. Harris will preach upon the subject, "The Conversion of the Eunuch." Mr. Griffith is leader of song and tonight will render a solo entitled, "Will They Miss Me When I'm Gone."

An excellent program is in course of preparation for the entertainment to be given at Library hall on the evening of November 23d, the anniversary of the execution of Allen, Larken and O'Brien, "The Manchester Martyrs." The Rev. Father M. J. Byrne, of the Cathedral parish, will deliver a lecture, and in connection therewith a select program will be rendered. The following ladies and gentlemen will participate: The Misses May McNulty, Agnes Passino, Alice Ryan, Lottie Quinn, Lizzie Summers, Tillie Reilly, Alice O'Connor, Mamie and Lottie Clausmeier, Mrs. B. W. Applegate and Messrs. Adolph Schulte and Charles Dunne.

TURPIN-TURPEN RECITAL.

Artistic Musical Event at the Fort Wayne Club Tomorrow Evening.

Harry Brown Turpin, under whose management the Turpin-Turpen vocal quartet give a recital at the Fort Wayne club on Friday evening, was for two years baritone soloist with the Philharmonic society of Florence, Italy. He was engaged to sing with Mann's orchestra at the Crystal palace concerts through the recommendation of Sir A. C. MacKenzie, president of the Royal academy, London. Mr. Turpin has given numerous song recitals before the prominent musical clubs throughout the United States and has gained a high reputation by his singing of classical songs. His voice is said to be remarkably sweet and clear. Mrs. McDonald, who is the contralto of the company, has a voice of remarkable range and power and she sings with much dramatic fervor.

ONE VALUE.

The best dental work is the only quality that gives value for the money—at any price.

And in dental work there is only one value—the kind that the best work gives. No "good enough" work will do; no "pretty fair" work is worth having; nothing but the BEST work will stand the test of time and give lasting satisfaction.

We pin faith to the best work in our practice—and charge only a fair part of what such work is really worth.

About Perfumes!

We have made our stock of perfumes embrace the best odors of the best makers.
For instance, the English Violet and English Flowers Extract surpasses, in our judgment, that of any other make. At the same time the rose odor made by the same firm may not be quite so good as that of another perfumer. Hence we select one brand of violet, another of white rose, etc., thus giving our patrons a selection of the best to be had without having to pay any fancy prices.

TEN YEARS AGONY FROM ECZEMA
CURED BY CUTICURA

For ten years I suffered untold agonies from Eczema, my lower limbs being so swollen and broken out that I could hardly go about. My brother, a physician of thirty years' practice, and other physicians of splendid ability, tried in vain to effect a cure and signally failed. I became absolutely disheartened, and had lost all hope, when a friend induced me to give CUTICURA REMEDIES a trial. I used two cakes of CUTICURA SOAP and two boxes of CUTICURA (ointment), and it resulted in an *absolute and permanent cure.*

Emperor William Not to Call at Madrid.

The Royal Itinerary Has Been Cut Short.

The Hohenzollern to Put in at an Italian Port.

Health of the Empress Makes an Overland Journey to Berlin Necessary, it is Reported.

BERLIN, Nov. 17.—An official telegram received here from Valetta, Island of Malta, says the emperor and empress of Germany have sailed for Pola, at the northern end of the Adriatic sea, from which port they will travel overland direct for home. It is explained that the emperor decided upon this course because the temperature of the Mediterranean has become considerably cooler and the danger to the health of the empress, by a sudden change from a northern to a southern climate, is thus lessened.

EMPEROR AT MALTA.

VALETTA, Island of Malta, Nov. 17.—The German imperial yacht Hohenzollern sailed from here this morning. The next port she will call at is not known, but it is believed it will be somewhere in Italy.

It is now known that when Emperor William passed the Island of Rhodes, where the Khedive of Egypt is staying at present, the emperor telegraphed his regrets at being unable to visit Egypt, also thanking the khedive for the preparations made to receive his majesty.

AFTER RELICS.

Fine Bronze Cannon Taken From Cayo Del Terro.

Government Ship Glacier Seizes Ancient Artillery in Cuba for Secretary of the Navy.

SANTIAGO DE CUBA, Nov. 17.—Colonel Ray, the American commander at Guantanamo, reports from that place that he heard that the United States government ship Glacier had landed a number of men at the port of Cayo del Terro and had taken possession of the two finest pieces of bronze cannon there. It was added that the men of the Glacier had also accidently blown up the arsenal. Immediately after hearing these reports Colonel Ray went to Caimanera in order to investigate the matter. There he saw Captain Norman and the officers of the ship, who positively denied knowing anything regarding the cannon.

Colonel Ray, however, said he had obtained his information from a reliable source, the British consul being his informant, whereupon Captain Norman admitted having taken the guns and said he took them for the secretary of the navy. The captain refused to furnish any further information on the subject, and consequently it is not known whether he acted under the orders of the secretary of the navy or is merely making the secretary a private present.

Three similar guns have been asked for by the navy department, as ornaments for Annapolis and the war office granted the permission necessary. Captain Chester, of the Cincinnati, will ship them north at the first opportunity.

Colonel Ray was at first inclined to demand the immediate return of the guns from the Glacier, but he decided to await instructions on the subject.

A corporal of the Third Immune regiment at Guantanamo who was detained to assist in the free ration distribution has been discovered, in co-operation with some merchants of the town, to have been swindling the government. Large supplies of bacon and meal were found to have disappeared and caused Colonel Ray to investigate the matter. He discovered a big shortage, the money value being over $1,000, and traced the affair to the corporal and three merchants who were acting with him. They are all under arrest.

CUBANS GOING HOME.

A Large Number of Refugees Returning to Their Native Land.

NEW YORK, Nov. 17.—The United States transport Berlin, which was to sail yesterday afternoon for Santiago, San Juan and Ponce only got away today.

On board her were a large number of passengers, including Mrs. Wood, wife of General Wood, governor of Santiago province. There are also a number of Cubans returning to their homes, from which they were driven during the insurrection, many of whom, through their poverty, are being furnished free transportation on the transport, except for rations for which they pay $1.50 per day.

Canadian Cruiser Seizes American Nets.

SANDUSKY, O., Nov. 17.—The Canadian cruiser Petrel, which is patrolling the fishing grounds in Lake Erie waters in this vicinity, has seized a lot of gill nets belonging to American fishermen and which it is claimed were set in Canadian waters.

Meet in Indianapolis.

PHILADELPHIA, Pa., Nov. 17.—The National Municipal league will hold the next conference for good city government in Indianapolis on November 30th, December 1st and 2nd. The executive committee of the league selected Indianapolis, through the invitation of the Commercial club of that city, whose guest the league will be. At the coming meeting the committee on municipal program will make its report.

THEY ARE WEALTHY.

Osage Indians Have Plenty of Land and Money.

They Dwell in Luxury and Idleness and Uncle Sam Pays All the Freight.

WASHINGTON, Nov. 17.—The Osage Indians are probably the wealthiest people per capita on earth, are aristocrats and scorn manual labor, according to Agent Pollock's annual report to the interior department.

They own over 800 acres of land for each man, woman and child, each receiving an annuity of over $200 in cash. As an illustration, if an Indian and his wife have eight children the annual cash income of the family is over $2,000, rather leading his white brother in this respect. He prefers the conveniences, luxuries and dissipations of village life to agricultural avocation. He loves to sing and dance and rest and he has plenty of money to support his family in idleness.

Indian Agent Stephens, of the Crow Creeks, reports that a serious nuisance and detriment to progress, to correct which agents have to co-operate, is intertribal visiting, demoralizing to the Indians, encouraging idleness and nomadic habits, abandonment of the crops, reckless distribution of property as presents and neglect of stock. Action to minimize this mischief is urged.

Captain Cornish, of the Uintah and Ouray agency in Utah, complains in his report that there never has been any settlement of the claim of the Uncompahgre, White River and Southern Utes on account of the cession of about 8,000,000 acres of land to the United States under a treaty of 1880, in consideration of certain benefits.

The treaty required that the land should be subject to cash entry only, and that the proceeds after reimbursement to the United States for sums appropriated and set aside in the Ute act, and paying for lands which might be ceded to the Utes by the United States, outside of their reservation at $1.25 per acre, should be deposited to their credit in the treasury, the interest payable to the Utes annually with the rest of their annuity money.

This claim has not been settled, and no statement made as to the amount of money collected for this land. The agent says:

"It does not appear that the United States has ceded them any lands outside of their reservations. If the late Uncompahgres' reservation is considered to have been so ceded, it has practically again been absorbed by the United States. I believe the government has appropriated from this Colorado land a large timber reserve, for which, it seems to me, the Indians are justly entitled to pay. The matter should be carefully investigated."

The denial of the rights of these Indians to hunt in their old reservation in accordance with the Colorado game laws is complained of as an injustice and violation of their treaty rights, and the agent recommends securing through congress some compensation for loss of the right.

WILL BE DRAMATIZED.

Julia Marlowe Secures Right to Produce "When Knighthood Was in Flower."

INDIANAPOLIS, Nov. 17.—Julia Marlowe, the actress, has secured the right to produce on the stage "When Knighthood was in Flower," by Charles Major, of Shelbyville, Ind. Miss Marlowe thinks highly of the novel and prophesies that it will make a great play. The dramatization has been arranged for and Miss Marlowe hopes to add it to her repertoire very soon.

Proceedings Postponed.

COLUMBUS, Ohio, Nov. 17.—The hearing of the contempt proceedings against the Buckeye Pipe Line company was today postponed until November 25, by the Ohio supreme court, on application of Hon. Virgil P. Kline, attorney for the defense. The delay was granted on the grounds that Attorney General Monnett had not properly filed his motion for the hearing. It was ordered that a copy of all testimony taken in the trust investigation, both here and in New York, be furnished the court.

SOME NEW PHASES.

Spain Adds to the Philippine Complication.

Cannot Allow Discussion of Her Bond Pledges.

Will Not Permit Inquiry as to How Money Was Spent.

Takes High Ground of National Probity—Spain's Answer Fully Translated and Under Discussion.

PARIS, Nov. 17.—The clerical force of the American peace commission was busy nearly all last night in translating the Spanish memorandum presented at yesterday's joint session. While the translators and typewriters were rendering the Spanish argument into printed English, counsel for the American commission studied it sheet by sheet, making notes of records to be examined and of law points bearing on the matter in hand.

As a result, when the Americans gathered for their daily session today, the Spanish presentment lay before them in English, ready for consideration and accompanied by data bearing upon it.

No unofficial person knows the contents of the document presented by the Spanish commissioners yesterday, but it is said to assume that added to her insistence on the preservation of her Philippine sovereignty and her proposition to arbitrate the construction of the "third article of the protocol," Spain has made two other important statements:

First. That upon the high ground of financial probity, she cannot allow any discussion of the validity of her action in pledging the resources of the Philippines for the payment of the Philippines debt.

Second. That in connection with the American proposal to reimburse Spain for her pacific expenditures in the Philippines, she cannot admit of any inquiry as to how she has spent the proceeds of the loans based on the Philippine pledges.

If Spain has assumed this attitude, and it is believed she has done so, she practically compels the American commissioners to consider at least the entire Philippine debt and its assumption by the United States or the Philippine Islands as a condition to Spain's amicable surrender of her sovereignty over those islands.

It is difficult to understand how the Americans can reply to this in any other manner than by strictly outlining their position and giving the Spaniards a time limit in which to accept the propositions of the United States.

But the American commissioners may patiently continue their endeavors to arrive at an amicable understanding on the subject.

The Matin, today, in reviewing the history of the late war, criticises the Americans' attitude in regard to the Philippine Islands and says Prince Bismarck, on one occasion, remarked that:

"When you have your knee on a nation's neck you should make her cough out all you can," adding:

"It is possible the United States now remembers this brutal maxim and it is possible the United States has forgotten the rancor, hatred and exasperation it involves."

THE WASHINGTON VIEW OF IT.

WASHINGTON, Nov. 17.—The administration feels encouraged now over the outlook for a successful termination of the labors of the peace commissioners in Paris. Whether this renewed confidence is based upon an abstract of the Spanish reply which was submitted at yesterday's meeting, or is founded upon private advices indicating a weakening of the Spanish position, is not known but it is probable that both of these have had an influence in brightening the prospects.

The Spanish reply was not a surprise to the American commissioners, who in fact had prepared themselves in advance, with instructions received directly from the president and Secretary Hay, for a complete answer.

Still it was probably regarded as better policy, and more in accord with the amenities of official exchange that the Americans should do the Spanish commissioners the courtesy of giving deliberate consideration to their carefully prepared written argument.

But with all due intent to give proper weight to the Spanish representations, it must be said that, up to this point, they have had very little effect in influencing the American commissioners, not because of any obstinate disregard of facts on their part, but for the simple reason that almost every one of the points made by the Spanish commissioners had been anticipated in the preparation of the American case.

The attempt of the Spanish commissioners to induce the Americans to accept their construction of the meaning of the protocol, when it touches on the Philippines, has been a flat failure. The president himself was a party to the preparation of the protocol.

It was he who, suspecting a purpose on the Spanish side to becloud the phase and leave open a door for a future escape from the consequences of the war, had swept aside as so much chaff the message of the Spanish duke, Almodovar du Rios, and reducing the demands of the United States to what is called a "precisis," had declared that the Spanish government might accept that as an exact statement of the demands of the United States. Having made the document, the president believes himself to be the person most competent to construe its meaning, and the American commissioners are consequently acting in conformity with his view.

FROM THE ORIENT.

One Hundred Lost in Collision of Boats.

Discussion of the Chinese Railroad Concessions—Other News of the Chinese Empire.

VANCOUVER, B. C., Nov. 17.—Advices by the steamship Empress of China tells of a terrible disaster in an inland sea on October 25, when the steamer Kinshiu-Maru came into collision with the steamer Mingawa-Maru off Takkini, sinking the latter in three minutes. It is reported that 130 persons were saved but that seventy were drowned.

So strong was the impact that the captain, who was on the bridge, was thrown into the sea. The captain and all the crew were saved.

It is stated that Great Britain has suggested that the railway between Shanghaikwan and Tien-Tsin already working, and the mines in the vicinity of the railway should be held as security for the loan under negotiation for the construction of the railway between New Chwang and Shanghaikwan. Russia has assented to this and discussion on the details of the agreement is progressing.

A large body of men from Canton and Macao, carrying with them several thousand stands of arms and a quantity of ammunition, are reported to have joined the Kuang Tung insurgents, who are now in strong force in Lienchon Prefecture. These new auxiliaries are stated to be all well dressed and more refined in manner than older rebels and the chief motto on their flag is: "Clear out the traitors who surround the throne."

West China is still in a very disturbed state. The band chief Yueh Man Toi has emissaries throughout the province of Szechun and in many of the cities his proclamation is posted calling on the people to expel foreigners, who are said to be enemies of the people and seeking the partition of the empire. Yueh Man Toi promises great deliverance and even undertakes to have the Japan war indemnity repaid.

A large number of Kwangsi rebels are now taking refuge in the fastnesses of the mountains of Ngmashan, where a good many gunsmiths and blacksmiths are engaged in making arms. They intend to raise another rebellion.

Kom Kuk, the rebel chief, was recently executed. Yung Un, a magistrate, pretended to be his friend and prepared a trap door in an opium divan, with concealed soldiers in the cellar underneath. Whilst these two were peaceably smoking opium together, at a given signal from the mandarin, Kom Kuk was precipitated into the cellar and dispatched by swords of the soldiers. According to previous accounts Kom Kuk has been represented as the saviour of Yung Un.

Just before the mail left a disturbance broke out at Canton.

The rioters attacked the settlement and inflicted injury on two members of the French consulate. Immediately on receipt of the news the German minister addressed vigorous remonstrances to the Tsungli Yamen.

Agitators in Sanon who have been trying to bring about a rising against the occupation of Kow Loon territory by the British, dispersed on hearing that troops were being brought from Canton.

In this connection the villagers who insulted Hon. J. H. Stewart Lockhart and party, while engaged in their survey of Kow Loon extension, have been forced to "kow tow" to the union jack. A fire at Natai destroyed 100 houses.

One hundred and fifty houses were burned at Shanghai.

Scrimers, of the American Pacific cable, is enlisting sympathy in Japan for his plan.

Manila law courts have resumed business with Spanish judges to hear all criminal cases.

Some disquieting news has been received as to the health of the American troops at Manila. In addition to the great amount of malarial and typhoid fever prevailing, malignant smallpox has appeared. The deaths in the hospital will average about 100 soldiers a month.

There is a leper scare in Manila. Through the neglect of the Spanish officials nearly 200 lepers have escaped from confinement.

For a time this was unknown to the American authorities and the outcasts were allowed to wander at large. Orders have been issued to the effect that all lepers will be arrested and sent to a small uninhabited island on the southeast of Luzon. On this island the American government will establish harborage for the lepers of the Philippines. They will be fed and cared for at the expense of the government. As far as can be ascertained about sixty lepers are still at large on the streets and in the suburbs of Manila.

Missing Man Returns.

PHILADELPHIA, Pa., Nov. 17.—Wm. R. Frazer, grand marshal of the Pennsylvania grand lodge of Masons, who mysteriously disappeared a week ago, reported at the office of the Keystone, a Masonic monthly journal, of which he is editor, today. He refused to say anything whatever about his absence from home and office.

LEFT WINDOW OPEN.

A Thief Visited the Home of George Koorsen.

Gains an Entrance Through a Window and Steals a Watch and Some Money—No Clue.

A housebreaker early this morning paid a visit to the home of George Koorsen, No. 76 Gay street. It was midnight when Mr. Koorsen retired and this morning when he got up he found a window in the sitting room had been raised and was still open. His pantaloons, which he had hung on the back of a chair, were lying on the floor with the pockets turned inside out, and a silver open-faced watch and his pocketbook were gone. In the pocketbook was $2.75. Mr. Koorsen has charge of the tool room in the Pennsylvania shops and had received his pay yesterday. Luckily, he gave his money to Mrs. Koorsen at noon, or it, too, might have been stolen. The thief had raised the window, crawled into the house, and after stealing the pocketbook sneaked away without pulling down the window. The result was that a heavy draft blew through the house during the night and all the Koorsen family this morning had bad colds. Mr. Koorsen fears more the result of the colds than he cares for the missing watch and money.

It is believed the thief or thieves anticipated getting Mr. Koorsen's entire month's pay.

WRECKED THE BANK.

President Cross of Emporia Speculated Disastrously.

WASHINGTON, Nov. 17.—A telegram has been received by Mr. Dawes, the comptroller of the currency, from the receiver in charge of the First National bank at Emporia, Kas., saying that so far his investigation has developed irregularities in the reserve agent's accounts amounting to $50,000; $15,000 in cash accounts, and that the bank has invested in doubtful enterprises controlled by President Cross approximately $150,000. It is thought by the officials in the comptrollers' office that although the capital and surplus of the bank are entirely wiped out, the bank depositors will suffer little if any loss.

Yesterday afternoon the comptroller ordered the bank to close its doors and within one hour after the order was received President Charles S. Cross had shot and killed himself at his country home near Emporia.

MAKING PROGRESS.

Anglo-American Commission is Getting Along Satisfactorily.

WASHINGTON, Nov. 17.—The joint session of the Anglo-American commission today was the longest held since the session began in Washington. This led to the inference that the two sides had made sufficient progress on their reciprocity lists to permit joint discussions of the articles on which reciprocal tariff reductions will be made.

The joint session went over until tomorrow, and the American and British commissioners held separate conferences to determine their further course before the joint commission. Senator Fairbanks stated at the close of the meetings that it was still to early too make any announcement on the status of the work, but it was progressing satisfactorily.

Coast Survey Steamer Pathfinder to Take to Water In December.

WASHINGTON, Nov. 17.—The new United States coast survey steamer "Pathfinder," which was especially designed for work in Alaskan waters, but which will be used as well in the survey of the coasts of the islands which have lately come into the possession of the United States, will be launched December 7 at the Crescent ship yards of Lewis Nixon, at Elizabethport, New Jersey. The Pathfinder will be christened by Miss Ruth Crandon, a niece of Mrs. Gage and a daughter of F. P. Crandon, of Chicago.

THE FUNERALS.

The funeral of William Shardon will take place Saturday morning at 9 o'clock from the residence of B. R. Neil, 79 West Wayne street, and half an hour later from the Cathedral.

The funeral of Mrs. Catherine Parrish took place this afternoon and the remains were shipped to La-Otto for interment.

The funeral of Miss Jessie McClure will take place Friday afternoon at 2 o'clock from the residence of David B. McClure, father of the deceased, 225 West Main street. Rev. Parr, pastor of the Wayne street M. E. church, will conduct the services.

A NEW MANUFACTORY

Contlivre Pump Will be Made in Fort Wayne.

Local Capitalists Will Furnish the Money for a Plant.

Already Have They Offered to Subscribe $50,000.

Mr. Contlivre Has Received Much Encouragement Since the Test Made With His Pump.

The successful test made last Tuesday of the Contlivre pump may result in the organization of a stock company for its manufacture. Mr. L. A. Contlivre this afternoon informed THE SENTINEL that he had been approached by local capitalists who desired to invest in a plant for the manufacture of his pump. He said that already these gentlemen had volunteered to subscribe $50,000. With proper encouragement from Fort Wayne citizens and taxpayers Mr. Contlivre believes that in the course of a very short time he could have in operation a factory employing not less than 300 men. He is reaching out now to make greater tests of his pump and hopes to be able to convince the citizens of Columbus, Fremont and Tiffin, Ohio, Bluffton and Decatur, Ind., that with the Contlivre pump he can get the pure water for which they have been searching these many years. The city council of Cincinnati has appropriated $100,000 to be used in locating artesian wells, and Mr. Contlivre has decided to send a representative to the Queen City to place before the officials the merits of his pump. If he is allowed to do so he will then attempt to find artesian water for Cincinnati.

There is still some misunderstanding of the workings of the Contlivre pump. While Mr. Contlivre does not at present desire to have it understood that the pump must be used to force water into the mains, he does claim that water can be forced through the mains with sufficient power behind it. With less than fifteen horse power last Tuesday water was forced six feet above the ground. With ten times that much power it could be forced many miles in mains. Mr. Contlivre is not opposing the purchase of another engine by the water works trustees. Many citizens contend that if Mr. Contlivre can find the water and lift it into the intake well on the northside the water problem is solved. The city now has three engines and pumps, one with a capacity of 6,000,000 gallons, another with 3,000,000 capacity, and still another with 1,500,000 capacity. The big engine could remain on the northside and pump 6,000,000 gallons (or 8,000,000 as it was guaranteed to do) and the smaller engines could be placed in the auxiliary plant on the McCulloch and Pape land. The city now has a pumping capacity of more than 10,000,000 gallons daily, twice as much water as is daily used. If the present system is continued it will be necessary to have a new pump, but if 6,000,000 gallons daily can be lifted on the northside it is contended that the new engine would not be a necessity.

The claim is made that owing to the continued wet weather there is now plenty of water on the northside. The water pumped last Tuesday was from the rocks, and wet or dry weather should not affect the supply. The weather does affect the supply in gravel wells, but not in rock wells. The Contlivre pump gets the rock water and not the surface water.

The establishment of a manufactory in Fort Wayne will be of vast benefit to the business men and citizens generally, and the indications are that within a few months a company will be formed for the manufacture of the Contlivre pump.

TEN THOUSAND.

That Number of Catholics in Fort Wayne.

The Clergy Completing a Census—Cathedral Leads With More Than Three Thousand Members.

As a result of a careful enumeration conducted by Bishop Rademacher's clergy it is shown that in the city of Fort Wayne 10,000 souls are accounted for in the six Catholic churches and two chapels in the city. The census has been going on several weeks, and it was sufficiently completed today for an announcement that the number would reach a little above 10,000. It shows a large increase over the last census. This is one fifth of the population of Fort Wayne. The Cathedral leads with 3,200 souls.

TOOK LAUDANUM.

"Steve" Hogan Attempted Suicide Because His Lady Love Wouldn't Have Him.

Last night Stephen Hogan, a bartender at the "Bootjack," attempted suicide at the home of his mother, No. 91 Ewing street, by taking an ounce of laudanum.

Hogan returned home about the usual hour and went to his room. His mother heard him breathing heavily and going to his room recognized that something was wrong. Drs. Calvin and Dinnen were called and they pronounced it poisoning from an overdose of laudanum. In the course of an hour or two the doctors had brought Hogan back to consciousness and he will get well.

It is believed the young man took the laudanum because a girl he loved, who is also employed at the "Bootjack," would not consent to accept him as her lover.

MARRIED TWICE.

But the Second Ceremony Was Their Golden Wedding.

Happy Anniversary for Mr. and Mrs. W. D. Fox, Who Were Married Fifty Years Yesterday.

Mr. and Mrs. W. D. Fox, of West Main street, last evening celebrated their golden wedding in the presence of a large gathering of friends and members of the family. The Rev. Lake, of the United Brethren church, repeated the ceremony that fifty years ago united the destinies of the couple, and vows were plighted just as they were when the couple, young, inexperienced, but happy and hopeful, plighted their troths half a century ago in Blanchart township, Hancock county, Ohio. Mr. and Mrs. Fox have resided in the city for more than thirty years, and much of that time Mr. Fox conducted a grocery on West Main street. Seven children were born to them, five of whom were present. They are:

E. H. Fox, of Grand Rapids; F. E. Fox, H. A. Fox, L. P. Fox, and Mrs. Frank Smith, of this city. They, with the seven grandchildren, were all present last evening. The house was beautifully decorated with chrysanthemums, carnations, palms and smilax. A beautiful supper was served at 10 o'clock in the dining room. The bride's table was decorated with bride roses and white chrysanthemums. The mandolin club furnished music throughout the evening. Mr. and Mrs. Fox were the recipients of many beautiful presents.

DEPUTIES CHOSEN.

Messrs. Meyer, Melching and Belot Name Assistants.

Ed Parker Will Remain as Chief Deputy Auditor—Several New Faces—A New Turnkey.

THE SENTINEL this evening is able to announce the deputies of the new county officers who will take charge of their offices next Monday.

Sheriff Melching will retain B. F. Eick as chief deputy; Herman Witte will succeed George Lindemuth as circuit court deputy; Rufus Snyder, son of 'Squire Solomon Snyder, of Marion township, will be superior court deputy, Frank Whitney and George Stout will be riding deputies and Frank Gladieux, who will resign, will be succeeded by Robert Young, of Lafayette township.

Auditor Meyer has selected the following deputies: Edward Parker, chief; George Ortlieb, George Lindemuth, William Morton, of Marion township, and Jacob Goebel, who was formerly in the auditor's office.

Clerk Frank Belot has chosen the following assistants; Edward Nicodemus, superior court clerk; William Hammond, of Monroeville, circuit court clerk; John C. Belot, Frank J. Bercot and John Hefter, office clerks.

BONDS FILED.

Sheriff Melching has filed his bond as sheriff for the second term in the sum of $6,000 with the following sureties: Charles McCulloch, J. F. W. Meyer and John Mohr, jr.

County Clerk-elect Frank J. Belot has filed a $50,000 bond with the following sureties: Frank Greenwell, V. A. Hugenard, S. C. Chapman, James McComb, John C. Rumbloo, George Gump, F. P. Otto, J. F. Temple, Jacob Belot and George F. Felts.

William Meyer filed his bond in the sum of $10,000, as county auditor, this afternoon. The sureties are J. F. W. Meyer, Christian Baade and C. F. Meyers.

COURT NOTES.

Chas. E. Zollars has qualified as a notary public.

Sheriff Melching sent Louis Redding to the Jefferson reformatory yesterday in charge of Deputy Sheriff Frank Whitney.

Dekalb county has sent to County Auditor Bobilya a bill for $533.45, the cost of trying the case of Sebastian Miller against the Wabash railroad, sent to Dekalb county from Allen county on application for a change of venue. It looks like an enormous bill for an ordinary suit and Mr. Bobilya will look into its merits.

Mena Martin sues Catherine Muller to recover $1,500 on a note. John H. Aiken is attorney.

David Lomay sues Jane Fairfield for $250. P. B. Colerick is attorney.

Christian Koepper sues Frank Ankenbruck for $100. P. B. Colerick is attorney.

Chas. F. Pfeiffer sues Frank H. Schlenk for $100. H. G. Keegan is attorney.

Born, to Officer George Stredel and wife—a son. George came down town this afternoon murmuring, "It's a policeman, it's a policeman." The coppers are all smoking "two-fers" on the little fellow.

Last Saturday a surprise party was given in compliment to Miss Emma Cowan, of 457 Lafayette street, by a number of her school mates.

COUNTING THE COST.

Captain Dreyfus Will be Ordered to Paris.

Court of Cassation Desires His Return.

Examination by Cable Will be Too Expensive.

Prisoner Soon to Leave Devil's Island—Colonel Picquart Will Confer With His Attorney.

PARIS, Nov. 17—It was announced today that M. Laborie, counsel for Colonel Picquart, who is now confined in the military prison of Cherche Midi, has received authorization to confer this afternoon with his client.

In local circles here the belief is expressed that the court of cassation will shortly order the return of Dreyfus to France from his prison on Devil's Island, off of the coast of French Guiana, on the ground that it is impossible to carry on the examination of the prisoner by cable in view of the cost of such a proceeding, as well as in view of the necessary delay.

THE TOLBERT CASE.

It is Not Such as to Invite Federal Inquiry.

The Banning Case is Different—Governor Ellerbe Could Not Guarantee Tolbert Protection.

WASHINGTON, Nov. 17.—James W. Tolbert has received Governor Ellerbe's answer to his telegram asking whether the governor would afford him protection from mob violence in returning to his home at McCormick, S. C. The governor's reply, which is substantially as published in this morning's papers, is regarded by Tolbert as a practical admission that the governor cannot afford him protection and therefore, it is said, it is not likely that he will jeopardize his life by returning to his home in the present state of excited feeling. Up to this time no definite plans with respect to the prosecution of the participants in the riotous proceedings against J. W. Tolbert have been decided upon.

The fact that Tolbert is the assistant postmaster at McCormick, and not the postmaster, may have an important bearing on the case. Assistants to fourth-class postmasters are not recognized by the law as officers of the government, they being appointed and paid by the postmaster. In the postoffice department they are recognized as miscellaneous employes.

Assistant United States Attorney Cochrane, from the Tolbert district has been ordered to Washington for conference with the officials of the department of justice, and upon his arrival here tomorrow the whole North Carolina situation will be gone over and a line of action decided upon. The case of R. H. Banning, United States commissioner at Wilmington, N. C., is said to present none of the difficulties which appeared in the Tolbert case, and it is thought the instructions will soon be given the United States attorney there to make an investigation of the facts with a view to beginning proceedings.

WED AT ASHLAND.

Desha Breckinridge and Miss McDowell Married in Henry Clay's Old Home.

LEXINGTON, Ky., Nov. 17.—At Ashland, the home of Henry Clay, Lieutenant Desha Breckinridge, son of ex-Congressman W. P. Breckinridge and member of General C. C. Breckinridge's staff, and Miss Margie McDowell, daughter of Major H. C. McDowell, president of the Lexington and Eastern railroad and a great grand-daughter of Henry Clay, were married at noon today by Bishop Dudley, of Louisville.

Foreign Trades Barred.

YOKOHOMA, Nov. 17.—Advices received from Seoul say that the Corean government has issued orders that foreigners are to be stopped from trading in the interior. It is stated on good authority that the firm of Boyer & Peacock have agreed to make a loan of fifteen million yen to two Japanese railroad companies.

All the Lakeside young people, boys and girls between the ages of five and fifteen, are requested to meet in the Sunday school room on Friday afternoon at 4:15 o'clock to assist in organizing a Loyal Temperance legion. Mrs. C. A. Robbins has been appointed superintendent of the W. C. T. U. and Mrs. C. E. Heaton is assistant.

The American peace commissioners in Paris have tried the ball half a dozen times on downs. It is time to make a hot touch down and kick goal.

General Merritt says the Filipinos "are children." True, perhaps, but they are bad children.

Scourge the gamblers from the city, Mayor Scherer. Enforce the saloon laws and apply the new curfew measure. You are under oath to enforce the laws.

The ability of Dreyfus to sustain his present hard life, avoiding the temptation to commit suicide or die of despair, is now being explained in large type by an advertisement writer for a mineral water company, who announces that in his monthly list of wants forwarded to the French government the lonely prisoner includes two bottles of the company's water.

Such opposition as there may be to the candidacy of Chauncey M. Depew for the New York senatorship is said to find its source among the friends of the McKinley administration, such as Black, Payn and Aldridge, who are also against Platt. It is further said that Roosevelt can have Platt's support for the presidency if he will take the right course in the fight.

A bill pending in the Georgia legislature, requiring separate sleeping cars for whites and negroes, had its origin in a singular incident. Two members of the state senate recently engaged berths in a Pullman sleeper. Afterwards they found that a negro and his wife had also secured a berth. The legislators demanded the negroes be ejected from the car, but the conductor declined. The bill was introduced in the legislature by one of the state senators, who refused to sleep in one end of a Pullman car with a negro slumbering in the other end. The bill has been reported favorably and the Pullman company is fighting it hard.

It is for the United States and not Spain to define what the words "control, disposition and government" of the Philippines meant as the terms were used in the protocol. The settlement of peace is not a bargain-day incident, but the ending of a war in which Spain should realize she was disqualified from having much to say about the terms.

A kiss, the property of Minnie Seligman Cutting, the actress, which is brand new and as yet unkissed, is to be sold at auction at the Hebrew Charity fair in St. Louis during Thanksgiving week. Despite the way the hero-kissing craze has glutted the market, the fair managers hope to run the bidding up to $1,000, and since Miss Nethersole has declared she will kiss no more in public, the chances are all the brighter.

The mutiny in Havana, resulting in the dissolution of the Orden Publico, indicates what would have happened in the course of time had the United States never interfered in the affairs of Cuba. That interference only hastened the end of Spanish rule. The maladministration of Spain, the non-payment of the Spanish troops, the systematic robbery by Spanish civil and military officers, would have brought on a revolution which would have been strong enough to drive Spain from the island. It is probable that the same course of events would have followed in the Philippines. When it is discovered that there is a murderer and thief in the house, there is no rest until his expulsion or capture, dead or alive. That discovery had been made in Cuba long before the Spanish-American war.

THAT GAMBLING GRANT—HOW ABOUT IT?

How comes it that the slot gambling machine crowd was emboldened to swoop down on this city and install a dozen or a score of their outlawed devices in the down-town saloons?

Did the mayor let it be understood that the move would be all right and was there given any guarantee of immunity?

Would not the slot machine crowd consider it a valuable public concession worth paying well for and is it not likely that some one has been or will be well paid for it?

Who got or who gets the pay for this iniquitous franchise?

It is not likely to be found in the municipal treasury, is it?

What about this "divy" if there is one, and there must be?

Who is "in on it?"

Whose pockets are bulging with this blood money?

For how long a term was the gambling grant made?

Cannot Mayor Scherer annul it by dragging the slot machines from the conspicuous places they occupy in the saloons, confiscating them under the law and destroying them as his duty requires him to do?

Will Mayor Scherer do this and rebuke the suspicion that is gathering about the city hall?

Can Mayor Scherer afford not to do it?

THE MAYOR MUST DO IT.

It is to Mayor Scherer and not to the board of public safety or the superintendent of police that the people of this city are looking to suppress gambling. Under the charter the mayor's power is absolute. Neither his boards nor his police superintendent can inaugurate any administrative policy and carry it out without his sanction. He may remove them at will if they brook his displeasure and replace them with men who will do his bidding. The entire responsibility for the proper government of this city, for the execution of its laws rests upon the shoulders of the mayor and he cannot escape it for the charter has placed it there and there it must remain.

If Mayor Scherer means to suppress gambling in this city and intends to force the saloons to yield obedience to the laws he himself must issue the order. He has only to tell the superintendent of police to raid the gambling houses, arrest the gamblers and seize and destroy the paraphernalia and it will be done. He has only to tell his police superintendent to enforce the liquor laws and they will be enforced.

But the orders must be issued in good faith. They must have no "strings to them." The mayor must first convince himself that he means to fulfill the obligations of his oath of office and permit his police to be in no doubt that he means it. That will do the business.

Mayor Scherer is responsible for the suppression of law-breaking and the people are looking to him for action.

Trolly Car Runs Away.

Tacoma, Was., Nov. 17.—An electric street car on the Tacoma railway line was derailed five miles from the city on the Steilacoom road last evening by the controller refusing to shut off the current on a heavy down grade. The car was smashed to splinters by striking the side of a cut ten foot deep, through which it was traveling. Seven persons were aboard and all were injured.

Is here. The crisp, cold air is lively enough to make you feel its presence. We are just as well prepared to "overcoat" you as we have always been to "suit" you. Our high-grade Beavers, Kerseys, Chinchillas, Coverts, etc., for

$12, $15, $18,

No More, No Less,

are values that double the money would hardly purchase elsewhere. We have good coats that are good for you to buy. Low prices are eloquent of economy.

Don't Wear That Old HAT

HOWARD STYLE.

WHEN you know that you can get a Good Stiff Hat here—one that is union-made, a regularly made first grade Hat, and not one out of a job lot of second-grade, imperfect Hats. You had better make up your mind to come here at once. Our Winter Styles now in—and we want YOU to call and inspect the most complete stock in Fort Wayne.

AMONG THE LODGES.

An Indian Outbreak Will Occur In This City.

Wigwams, Braves and Squaws at Princess Rink—Notes of Interest Gathered in Fraternal Circles.

The Independent Order of Red Men will next week formally establish a "trading post" in Fort Wayne and will officially launch that social auxiliary to their organization by giving an entertainment at Princess rink on a grand scale.

The Independent Order of Red Men is probably the most unique organization in existence. Its ceremonies are weird but fascinating, its regalia is descended from the dress as worn by the Indian in his primitive sphere and there are many features to remind one of the days when the red men roamed the wilderness of America and was truly the lord of all he surveyed. While the Order of Red Men has its peculiar customs it is classed among the staunch and progressive fraternal organizations of the country and there is a lesson behind these things that some people, in ignorance, might call foolishness. There is a limit in the ceremonies and a decorum in the regular sessions of the lodge that do not permit of social pleasures to an extent that the members crave and to fill this want a social auxiliary called a Trading Post has been organized, under the sanction of the grand lodge. To the Trading Post will all of the social events of the lodge be referred in the future.

The Mechecannochqua tribe, assisted by the Ladies of Pocahontas, will conduct the Trading Post at Princess rink all of next week, beginning next Monday. Special Indian attractions have been arranged for each evening and Thursday afternoon. These will consist of war dances, Indian maiden's trail, Indian village representing Indian life, tableaux, a mystery lodge, and other features too numerous to mention. There will be an excellent musical program and dancing from 10:30 to 11:30. Every evening the Indians can be seen on the trail between the south depot and the rink.

HIBERNIAN RIFLES.

The Hibernian Rifles entertained their young lady friends at progressive pedro in their armory last evening, thus taking the initiative toward the organization of a ladies' auxiliary, which is greatly desired by the members of Captain Ford's command. About thirty couples were present. After about two hours had been devoted to pedro, the prizes were awarded, and the balance of the evening devoted to a social session, which included light refreshments. The prizes were awarded as follows: Lady's prize, handsome mounted pocketbook, Miss Clara Mettler; gentleman's prize, oxidized silver cigar case, filled with choice cigars, Hugh Hogan, Jr.; lady's booby prize, china doll, Miss Kate Roach, and gentleman's booby prize, tin horn, Cornelius Danehy.

LADIES' AID, S. OF. V.

Last Tuesday evening the Ladies' Aid society to the Sons of Veterans held one of the most interesting sessions in the history of the organization, there being at that time a discussion which took in the retrospect and the prospect of the society. Next Monday night Miss Addie Wallace, of Indianapolis, the state inspector, will be here to conduct the annual inspection and every member will no doubt be on hand at such an important meeting. The Sons of Veterans are also invited. Refreshments will be served.

On Tuesday evening Miss Wallace will be tendered a public reception at the G. A. R. hall, No. 80 Calhoun street, when a program of addresses and music will be carried out. The public is invited, especially all soldiers, their wives and families.

RATHBONE SISTERS.

For the first time since this lodge came into existence eight years ago the ranks have been broken by the death of a member, in the person of Mrs. Charles Thomas. The obsequies of this estimable lady were held last Tuesday and were conducted under the auspices of the sisters, who carried out the beautiful and impressive ritual of the order.

A committee has been appointed to revise the by-laws.

The members of the order were entertained this afternoon at the home of Mrs. A. W. Clark, No. 31 Orchard street, the hostess being assisted by Mesdames Hartle, Kemp and Shaw. The ladies were given a grand time.

THE FRATERNAL MYSTIC CIRCLE.

The ruling will have an annual meeting on November 22, when officers will be elected and other business transacted.

The members of No. 552 to the number of forty invaded the home of Brother John Haag last Sunday evening and tendered their congratulations, it being the occasion of his fortieth birthday anniversary. Games and music were the chief features of entertainment, and during the evening a two course supper was served.

A new ruling of the Fraternal Mystic Circle will be instituted this evening, in the hall, over the gas office. Members of Fort Wayne ruling and visiting brothers are invited to attend this meeting.

PATRIARCHS MILITANT.

The grand encampment, Patriarchs Militant, held its annual session in Indianapolis with about 300 delegates in attendance. At the morning session the reports of the officers were read. Grand Patriarch J. I. McCoy gave a general review of the year's work, showing that there has been an increase in membership. The report of W. H. Leedy, grand scribe, shows that there are 211 encampments now effective with a total membership on June 30, 1898, of 10,872. The total amount paid for relief and charity was $19,950 70 and the total expenses, including relief, $35,515.60. The total relief expended in fifty-one years was $396,795 01. For the year ending November 1, 1898, the total receipts were $1,875 75; balance in the treasury, $2,063.57.

At the afternoon session the reports of the standing committees were read and discussed. Considerable routine business was also transacted. Officers were elected as follows:

Grand Patriarch—John F. Mann, Decatur.

Grand High Priest—J. N. Nuzum, Elwood.

Grand Senior Warden—H. C. Searce, Mooresville.

Grand Junior Warden—J. D. Henderson, South Bend.

Grand Scribe—W. H. Leedy, Indianapolis.

Grand Treasurer—A. C. Dailey, Lebanon.

Trustee—S. P. Stroupe, Fairland.

The grand lodge will be in session today. The question of a new building will be discussed and whether it will be erected or not depends upon the action of the lodge.

WOMEN'S RELIEF CORPS.

This well known society continues to flourish, gaining new members at almost every meeting. At present they are assisting the post in perfecting arrangements for a grand house warming at the new hall in the Elektron, to be given in the near future.

They were the recipients of a surprise at the last meeting, when a committee from Company G, One Hundred and Fifty-seventh regiment, consisting of Isaac Clippinger, Harry Fisher and Frank Brower, asked admission, and brought with them a handsome picture of the boys of Company G. Nothing could have given greater pleasure, for Corps No. 7 has watched with interest second to none, the doings of the young soldiers, and when the nation's Sabbath, Memorial day, shall come, a wreath of evergreen shall adorn the picture in honor of those who came not back again, but are resting in "the low green tent, whose portals never outward swing." In few but hearty words Mr. Clippinger made the presentation, which was responded to by the president on behalf of the corps, whose words were heartily endorsed by all.

A. O. U. W.

Summit City lodge No. 36 will arrange tonight to give a series of entertainments during the winter. T. D. Neal, grand master workman of the order, is expected to be a guest of the lodge.

Despite the inauguration of new societies in Fort Wayne at irregular intervals, the enthusiasm manifests at the meetings of old No. 19 still prevails. Tomorrow evening will be a gala day in the annals of the lodge. Visiting brethren from the other lodges of the city will be entertained at the initiatory exercises and there will be several candidates. Besides this program the lodge will vary its ordeals by entertaining Grand Master Workman T. D. Neal, of Indianapolis; Congressman J. M. Robinson and other distinguished guests, who will respond to toasts at a banquet and smoker to follow the regular fraternal exercises of the evening. Preparations have been made for a glorious gathering of the members of old No. 19. Let every brother be present and enjoy the good things.

K. O. T. M.

Mad Anthony tent No. 96 held a special review last evening, and after the business session was over, the members relapsed in that delightful state of recreation called a "smoker." They smoked away the hours, swapped stories and entertained the guest of honor, J. W. Replogle, great record keeper, of Goshen, Ind., who delivered an address.

Wayne tent No. 54 will have a regular review this evening and it will be followed by an entertainment program. A surprise will be sprung after the exercises.

SONS OF VETERANS.

This evening at G. A. R. hall, 80 Calhoun street, Col. E. S. Walker camp, No. 159, Sons of Veterans, will give an entertainment, followed by an oyster supper. This will be the last social the Sons of Veterans will give before moving into their new hall in the Elektron building, about December 1. On Tuesday, December 6, will be the annual election of officers of the camp, when the officers for the new year will be chosen.

THE PATHFINDERS.

This new lodge held a rousing meeting last evening, when a class of twenty-seven members was taken in. One hundred and eighteen members contributed to the success of the occasion by their presence. For a new lodge the Pathfinders are doing remarkably well.

DAUGHTERS OF REBEKAH.

The ladies of Deborah lodge No. 110 have just completed arrangement for a union social to be given at Harmony hall, 20 West Berry street, Friday evening, Dec. 9th. Supper will be served from 6 to 8.

G. A. R.

On Friday night Anthony Wayne post will have the annual muster and inspection. P. W. Keil has been appointed deputy inspector by the staff inspector and will have charge of the work, assisted by his regular staff.

ROYAL ARCANUM.

A special feature of the meeting of Howard council tomorrow evening will be too good to miss and there will certainly be a large attendance. This will be the last meeting before the election.

KNIGHTS OF PYTHIAS.

Phoenix lodge No. 101 will give a progressive pedro on the evening of Monday, Nov. 28th. Next Monday evening N. W. Bloom will receive the obligations of the third rank.

I. O. O. F.

Six hundred and thirty-five delegates attended the grand lodge, I. O. O. F., of Indiana, at Indianapolis Tuesday and Wednesday. The morning session was taken up in receiving the delegates and reading the reports of officers. The most important matter before the present session is the question of building a new grand lodge hall and this was taken up this morning.

The report of W. H. Leedy, grand secretary, shows the number of lodges effective in Indiana to be 633, with a total membership of 46,095, a net gain of 1,818 members. The total receipts were $230,332.92; expenses of lodges, $63,453.60; expenses of lodges, including relief, $165,205.33; dues grand lodge, $11,098.68; total resources, $2,548,249 11; less indebtedness, $289,265.63; total net resources, $2,246,983.48; total relief given, $81,751.73. The net resources average $48.71 a member. The receipts from all sources average $4,977 a member. The expenses, $1,814 a member. Dues to grand lodge average twenty-four cents a member. From May 1, 1898 to November 1, 1898, the receipts were $12,701.26.

James A. Wildman, grand treasurer, reported on the general fund as follows:

Balance on hand last report, $7,399.41; received from W. H. Leedy, grand secretary, $12,701.26; total receipts, $20,100.67; orders paid, $11,874.26; balance on hand, $8,226.41; total, $20,100.67.

The report of the Grand Lodge Hall association for the six months ending November 1, 1898, shows total receipts of $10,565.99, and expenditures $10,032, leaving a balance in the treasury of $533.99.

The nomination of officers was made this afternoon. O. N. Craner, of Muncie, was elected grand master without opposition.

DEGREE OF POCAHONTAS.

The Degree of Pocahontas had two applications for membership at the regular meeting last Saturday evening. The next regular meeting will be held Saturday, December 3d, instead of November 26th, for the reason that they will have their entire time taken up at the trading post. This trading post, which is given by the Red Men and the Degree of Pocahontas, is to be a grand affair and will be entirely different from anything ever given before in this city. This is given for the benefit of the widows and orphans of the deceased members of these two orders.

UNION VETERAN LEGION.

Encampment No. 51, Union Veteran Legion, will at the next regular meeting, Monday evening, November 21, nominate the officers for the coming year. It is expected that every member in good standing will be present, both at that meeting and the next, two weeks later, December 5, when occurs the annual election of officers to serve during 1899. The encampment is prospering in every way and great importance is attached to the election of officers for the ensuing year.

LADIES OF THE G. A. R.

Last Monday evening, at their hall in the Bank block, S. W. Stirk circle, No. 18, Ladies of the G. A. R., held their annual inspection, Mrs. Truman, of Logansport, acting as inspecting officer. Mrs. Truman complimented the circle very highly on the very creditable condition of books and growth of the society. After the inspection the ladies served a luncheon, which was enjoyed by a large number of the members of the G. A. R. and other invited guests.

TRIBE OF BEN HUR.

Last Thursday evening, despite the inclement weather and counter attractions, Ben Hur court No. 96, gave one of the most delightful entertainments and hops of the season in their dancing hall above the lodge room. The affair was given for the benefit of the young members and their friends, and the committee spared no pains to make it a success. The new team will exemplify the degree work tonight on one or two candidates. Every member should be present.

K. AND L. OF COLUMBIA.

The Knights and Ladies of Columbia will initiate another class of novices tonight. An entertainment will be given soon and all members are expected to be present tonight to take an active part in the preparations. An elegant initiation drill has also been substituted for the old one and will be used in connection with tonight's work. All sojourning knights and ladies will be given a hearty welcome.

LADIES AUXILIARY B. OF L. E.

The E. F. C. T. auxiliary will give a reception and dance at Miss Mulqueen's dancing academy over Lehman's book store, Friday evening, November 18. A cordial invitation is extended to all their friends to be present and thus help the ladies in their efforts to furnish pleasant and home-like rooms at each hospital for those who may be so unfortunate as to need them.

ELKS.

Four candidates were initiated last Friday evening. A committee has in preparation the program for the memorial exercises to be held at the Masonic Temple Sunday evening, December 4th.

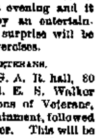
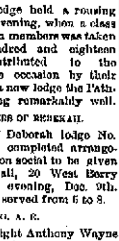
THE ELGIN BUTTER CO., ELGIN, ILL.





The young man who starts in business life with a good athletic training back of him will be able to stand more than the man who has not had the same advantage. Nevertheless, if he overworks and neglects his health, he is likely to fall a victim to some fatal malady like his less fortunate brother.

There is only one safe road for a man to tread in the matter of health. That is the road of eternal vigilance. No man, no matter how strong he may be naturally, can with impunity neglect the little ills and indispositions of life. These little disorders are what make the big ones. When a man suffers from headaches and loss of appetite, feels drowsy and dull during waking hours, cannot sleep at night and is nervous and shaky at all times, he is in a dangerous condition. If he long neglects his condition he will find himself a very sick man. Dr. Pierce's Golden Medical Discovery is the best of all medicines for the many diseases that are caused by an impaired digestion and insufficient and improper nourishment. It creates a hearty, healthy appetite; it makes digestion and assimilation perfect; it invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and nerve tonic. It is the best of all medicines for nervous disorders and it cures 98 per cent. of all cases of consumption, if taken in its earlier stages, before the lungs are too far wasted. For chronic, bronchial, throat and nasal affections it is an unequaled remedy. An honest dealer will not suggest some inferior substitute.

Rev. C. M. Lemond, (P. O. Box 393), Quanah, Hardeman Co., Texas, writes: "I write to say that during the late trouble between the States it became my duty as well as privilege to speak in the open air at night, which produced slight hemorrhages and loss of voice from which I had suffered more or less for a number of years until that God-send 'Golden Medical Discovery' given to the world by the inventive and scientific brain of Dr. R. V. Pierce, was obtained. After six bottles had been used the pains and aches in my lungs began to give way, and now I feel that, with a judicious course of life I may live many years. I thank God for giving to the world a man who has done so much for suffering humanity."

IN A FEW WORDS

Sufferers from Piles May Learn of a Harmless, Lasting Cure.

There are plenty of pile cures which give relief and some times cure a mild case of piles, but there is only one which can be depended upon with certainty to cure obstinate, long standing cases and that is the Pyramid Pile Cure.

Endorsements and testimonials are received daily from men and women whose integrity and reliability are above question and in this connection a letter received from the Rev. James H. Westbrook, of Bowne, Mich., may be of interest to pile sufferers who have sought in vain for a cure. He says:

I have used the Pyramid Pile Cure and I know that it is all that is claimed for it. I had been troubled with piles more or less for about eighteen years and I had tried other remedies, but the piles grew worse until about ten months ago I used the Pyramid Pile Cure. It gave almost instant relief and I have been free from piles ever since.—Rev. James H. Westbrook.

Mr. Frank Smith, the well known and popular druggist of Ypsilanti, Mich., in speaking of the Pyramid Pile Cure, says: "A year ago I sold C. C. Potter, 119 Hamilton street, Ypsilanti, Mich., a box of the Pyramid Pile Cure. He made the following statement to me today: 'I have been troubled for twenty years with itching piles. Have tried nearly everything that promised relief, but got very little help until one year ago I called on my druggist, Frank Smith, and got a box of the Pyramid Pile Cure. The one box used according to directions was, in my case, a perfect cure, as a year spent without any symptoms of the trouble has convinced me.' "

Although comparatively new remedy, its popularity is such that all druggists now sell it; if your druggist hasn't it in stock, he will get it for you if you ask him at 50 cents and $1 per package.

OVERWORKED WOMEN.

Letters to Mrs. Pinkham From Women Who Have Been Helped From Sickness to Health.

The ordinary every-day life of most of our women is a ceaseless treadmill of work. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung!

The following letter from Mrs. WALTER S. BANTA, Sparkill, N. Y., tells the story of many women, and shows them how to get relief:

"DEAR MRS. PINKHAM:—I cannot thank you enough for all Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to you I had suffered for years with falling, inflammation and ulceration of the womb; my back ached, and I was so much distressed I could scarcely walk. I was a burden to myself and did not care whether I lived or died.

"I have taken five bottles of your medicine and it has done wonders for me as all my friends can testify. I can now do my own work, and do not know how to express my gratitude to you for the good your medicine and advice have done me. I owe my life to Mrs. Pinkham."

Mrs. Pinkham's counsel is offered free to all women who need advice about their health. Her address is Lynn, Mass. Mrs. P. H. HUTCHCROFT, Kellerton, Iowa, tells here in her own words how Mrs. Pinkham helped her:

"DEAR MRS. PINKHAM:—I was in a very bad condition before I wrote to you and began the use of Lydia E. Pinkham's Vegetable Compound. I did not know what to do. I suffered terribly every month, when on my feet would have such a bearing-down feeling, was very weak, womb was swollen, back ached, appetite was very poor, also had trouble with my head. I have taken several bottles of your Compound and cannot say enough in its favor. It helped more than all the doctors."

SHOP AND RAIL.

Former Fort Wayne Citizens Here on a Sad Mission.

Came to Attend the Funeral of the Late J. C. Hewes—A Conductor's Narrow Escape.

A number of old time Pittsburg shopmen and shop foremen are here today to attend the funeral of the late James C. Hewes, which occurred this afternoon. Among them is the venerable James M. Boone, of Chicago, who was the master mechanic of the Pittsburg fifteen or twenty years ago and who designed the Boone engine, which in its day had no equal for speed. Mr. Boone, when he left this city, went to the Northwestern as master mechanic and served in that capacity one year. Then he was appointed superintendent of motive power of the West Shore, which office he resigned about a year ago on account of being deprived of the sense of hearing to such an extent as to make conversation almost impossible. He is now living a retired life in Chicago. Miss Ida Boone accompanied her father to this city and is the guest of Mr. and Mrs. A. Wilson, of Park avenue.

Other Pennsylvania employes from abroad who are here on the same sad mission are Master Mechanic J. E. Keegan, Clark Slocum, George Simpson and Harry Turner, of Grand Rapids.

A Conductor's Narrow Escape.

James H. Brokaw, Grand Rapids and Indiana passenger conductor, is congratulating himself upon his safe arrival home. A month ago Mr. Brokaw went into the forests of Minnesota and pitched his tent upon the banks of Leech lake, a pretty and unfrequented body of water many miles from any habitation save that of the Indian. There he and two or three companions remained until last week, hunting deer and other game, which abound thereabouts. Mr. Brokaw had been in that vicinity before on a similar mission, and then his tent was visited daily by other hunters and friendly Indians. But this year not a visitor appeared and Mr. Brokaw wondered thereat. The mystery was solved, however, when he reached a white settlement on route home. He had located his camp between hostile tribes of Indians, and during his sojourn there several conflicts took place, one of them almost within sight of his tent. But Mr. Brokaw witnessed none of the bloody scenes, and he remained the allotted time, hunting and fishing, in blissful ignorance of the danger that threatened him. That country, Mr. Brokaw says, has suffered from a drought, and as a consequence game is not as plentiful there this year as it was in former years. He was successful, however, in killing several fine deer.

Hunting a Factory Site.

The Withington Handle company, of Huntington, is dissatisfied with its location and has commenced a canvass of the field for a new location. Yesterday its superintendent, E. J. Vaughn, was in the city in consultation with the business men and capitalists relative to a site here. The company also has a plant at Jackson which it might decide to consolidate with the Huntington plant and locate in Fort Wayne if they are successful in getting suitable buildings and grounds. The reason for wanting to change location is alleged to be poor shipping facilities at Huntington. Mr. Vaughn said the company would like to locate along the line of the Nickel Plate, because a good share of the material used in the manufacture of their products comes from points on that road; also that their best customers were Cleveland, Buffalo and other cities reached directly by the Nickel Plate. The Huntington plant expends about $40,000 yearly for labor.

A Non-Changeable Ticket.

With the new year many of the big railway companies will put in service a ticket that cannot be changed. What is called safety paper will be used. It will retain anything written on it in ink until the last particle of the material is entirely destroyed. If a knife be used in attempting to erase a name the surface of a ticket will have to be destroyed, disclosing the inside of the paper, which will be of another color. This ticket will also be acid proof. This has been accomplished by using certain acids in the making of the paper that will counteract any acid that may afterwards be used on it.

Will be Only an Insignificant Branch.

S. C. Reynolds, the Toledo millionaire, who is a director of the Wabash railroad company, has just returned from a meeting of the company's directory in New York and says positively that the construction of the connecting link between the main line, which was formerly the Detroit division, and the Toledo branch will begin in the early spring. The route was surveyed last spring but President Ashley vigorously denied that the road would be built in the near future. The utterances of Mr. Reynolds, however, are categorical and are accepted as settling all doubt of the construction of this twenty-five miles of road. The Wabash will have two entrances to Toledo and it is expected that all traffic which is to be sent east over lines south of Lake Erie will be taken to Montpelier and thence routed over the new cut-off to Toledo, instead of being hauled over the old line from Peru to Toledo. The building of the cut-off inevitably marks another stage in the decay of what was formerly the main line between Peru and Toledo, but which in another year will be but an insignificant branch.

Making Up Lost Time.

It is not an uncommon thing for train 3, (formerly No. 5) on the Nickel Plate, to make up from sixty to seventy minutes lost time on the run between Bellevue and Chicago. It accomplished that feat last night and that, too, under circumstances not favorable for fast running. The train was two hours late when it reached Bellevue, but it went into Chicago less than one hour behind schedule time. This train waits at Buffalo for eastern passengers and mail, turned over to it from the West Shore and the trains on that line are very frequently late in reaching the Bison city. Last Monday the West Shore put on a new train to run between New York and Buffalo, which is scheduled higher than any train previously running on that line.

A New Patrolman.

Captain Henry Stoll, of the Pennsylvania police department, yesterday appointed Henry G. Harrman a patrolman, to succeed George B. Nicely, resigned. The new officer has already assumed the duties of the office. Mr. Nicely will return to his old home, near Warsaw, and engage with his father in the stock-raising business. He performed his duties well when on the police force for the railway company, and officers and fellow patrolmen regret his resignation.

Don't Owe a Cent.

Secretary J. W. Burns, of the Railroad Y. M. C. A., last Tuesday paid the last debt incurred by the late conference of the association workers in this city a few weeks ago. Mr. Burns says the association is now completely out of debt; in fact it does not owe a cent on real estate or otherwise, a condition which testifies to the excellence of the management.

A Slopman Honored.

Charles Dassler, assistant foreman of the Pittsburg paint shops, was treated to a most pleasant surprise last evening, when the members of the Walther League orchestra, of which he is also a member, marched in his home and proceeded to take possession thereof. The men were accompanied by their instruments and the evening was devoted to music, interspersed with conversation and refreshments. It was one of the most pleasant affairs that the orchestra has been privileged to enjoy for many a day. Mayor Scherer was in the party. Mr. Dassler resides on East Creighton avenue.

Many Different Patterns of Drawbars.

It was stated in a paper recently read before the Western Railway club that there are at present seventy-seven different makes of drawbars of the Master Car Builders' association type, and that these have ninety-three different styles of knuckles, nine of the drawbars having two, and two of the drawbars having three knuckles each, the knuckles interchanging with each other in only one instance. The weight of fifty-six of the knuckles whose weight is known runs from thirty-four pounds to sixty-six pounds each, the average being forty-eight pounds. To keep one of each of the ninety-three patterns on hand in a way car or at an interchange point would aggregate 4,464 pounds, which, at 3½ cents per pound, would cost $156.44, and to furnish one of each of the knuckles at sixteen interchange points, and for twenty way cars would require an outlay of $5,631.64.

Wreck on the Pittsburg.

At 11 o'clock this morning the Pennsylvania crew was called to Lafayette, Ohio, to clear the tracks, which were blocked by freight cars. Five cars in eastbound train No. 78 left the rails and piled themselves up across the tracks in such a manner as to completely block the road. It is thought that the tracks will be cleared before any serious inconvenience to passenger traffic occurs. Lafayette is the first station east of Lima and is sixty-seven miles from this city. The wreck train was given the right-of-way and it covered the distance in a trifle over one hour.

General and Local News.

Peter Merz is on the sick list. He is a car builder.

Fireman O. Emenner, of the Lake Erie and Western, is on the sick list.

A. Hertler, of the Pittsburg shops, is at work again after a brief illness.

Nickel Plate Engineer George Quidore is taking a brief respite from his labors.

Switchman Ross Gardner, of the Pittsburg, has taken a lay off to attend to some private business.

Brakeman Charles Vordeman, of the Nickel Plate, has taken a lay off for the purpose of hunting quail a few days.

John Potter, the cabinetmaker, has resumed work in the Pittsburg shops after a few days' absence on account of sickness.

I. A. Gorman has assumed the duties of station master of the Pennsylvania lines at Richmond, Ind., vice L. A. Barber, deceased.

I. Bott and John Hayes, of the Pittsburg blacksmith shop, are sick.

J. B. Barnes, superintendent of motive power of the Wabash, spent a few hours in the city yesterday.

C. Engelking, of the Pittsburg blacksmith shop, yesterday moved his family into the house at 172 Ewing street.

C. W. Bradon, traveling auditor of the Nickel Plate, is in the city today, checking up accounts with the freight and passenger agents.

Among the shipments from the electric works today were a 100-light machine to Washington, and a 65-light dynamo to Bluffton, Ind.

Henry Toengus, a car builder, had the misfortune yesterday to sprain one of his knees most painfully. He will be unable to work for a few days.

W. H. Coar, boilermaker, and H. H. Knoll, machinists' apprentice, of the Wabash shops, are sick. The former has gone to the company's hospital at Peru.

William Palmor, foreman of the axle makers at the Bass blacksmith shop, has recovered from a carbuncle on his back, which disabled him several days.

W. Sudebrink, car builder; F. Schramm, patternmaker, and Louis Gronau, of the planing mills, Pittsburg shops, are on the sick list. The latter has rheumatism.

Operator W. C. Norton, of the Nickel Plate, has been transferred from the yard office in this city to Latta, Ohio, and John Hughes has taken the place vacated by Mr. Norton.

Secretary J. W. Burns, of the Railroad Y. M. C. A., and Freight Agent C. H. Newton, of the Wabash, went to Lafayette this morning to attend the state convention of the Y. M. C. A.

Assistant Foreman Frank Fox, of the Pittsburg round house, had the misfortune to painfully wound one of his thumbs with a sliver of iron a few days ago, and has since been unable to work.

The Pittsburg boiler shop suspended work this afternoon on account of the funeral of the late foreman, James C. Howes. Other departments of the shops were badly crippled, so many of the men being off for the same purpose.

Fred Wahrenberg, the car builder, is recovering from an attack of typhoid fever, which threatened to prove fatal last week. He has left his bed and is able to walk about the house and if he receives no backset, will be at work in a week or two.

Engineer E. C. Irish and Fireman W. C. Ernest, of Peru, came up here today to get passenger engine 602, which has just been turned out of the Wabash shops after light repairs. This engine was in a collision near Huntington a week ago. Mr. Irish formerly resided in this city and for several years ran an engine on the Nickel Plate.

The Central railroad, of New Jersey, sent word to the city officials in Jersey City that it is ready to pay the city $500,000, which represents the amount of back taxes due the city from that company. The payment of the money will mark the end of a long fight between the city and the railroad company over the latter's back taxes, which have been accumulating for some fifteen years.

INDIANA OFFICAL RETURNS.

Head of the Republican Ticket Falls to Lead—The Majorities.

INDIANAPOLIS, Nov. 17.—Returns have been received from all counties in Indiana, showing the vote of the state in the recent election. The republican plurality is as follows: Hunt, secretary of state, 16,620; Hart, auditor of state, 17,681; Levy, treasurer of state, 16,930. Hart, for auditor, received a majority over all competitors of 840. Levy, for treasurer, has a majority of 132. Hunt did not get a majority, lacking 699 votes.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

BOARD OF WORKS.

Will Hear Objections to High Street Pavement.

A Petition is Being Circulated for an Asphalt Pavement on Lavina Street—Municipal Notes.

The board of works will hold its regular meeting tonight and much business of importance will be transacted. Objections will be heard to the following improvements: Asphalt pavement on High street; brick sidewalk on the south side of Columbia avenue from Old Fort street east; brick sidewalk on the west side of Fairfield avenue from Organ avenue to Nuttman avenue.

Sealed proposals will be received for the following improvements: Paving the alley between Main and Berry streets from Maiden Lane to Webster street; paving the alley between Jefferson and Lewis street, from Calhoun to Harrison streets; for the construction of a brick side walk on the east side of Caroline street, from Buttenfield to Pontiac streets; for the construction of a vitrified clay pipe sewer in the first alley south of Putnam street, from Andrew to Sherman streets.

THEY WANT ASPHALT.

The vast difference between the paved and unimproved streets during the open weather has created a desire in the minds of many property owners for more pavement. A petition is being circulated for a sheet asphalt pavement on Lavina street from Fairfield avenue to Broadway, and inquiries made of city officials indicate that there will be many more petitions circulating before many weeks. First before the board will probably be first granted.

MUNCIE'S CHILD MURDER.

Fred Gland, 10 Years Old, Accused of Killing Andy Bedomiller.

MUNCIE, Ind., Nov. 17.—The shooting to death of the five year old boy, Andy Bedomiller, remained a complete mystery until 5 o'clock last evening, when little Michael Belts, four years old, and his seven year old brother, Robert, told the officers that Fred, the ten year old son of Thomas C. Gland, a saloon-keeper, had killed the child.

The Gland boy was found, and for a time made a denial, but finally said he shot at a rabbit and killed the boy. Later he denied this statement and said all that he had told was a lie and that he had not seen the murdered child. He was placed in jail.

Easy and Simple.

Don't you remember what a task the bath was when you were a child. Remember that patient mother? Perhaps she had several children to put through the process. Every one whined about it. What a difference now! The bath is easy. The child can take it all alone. No older head needed. It's a real pleasure to bathe in one of our tubs.

Henry Niemann has leased the front portion of Herman Michael's building at the corner of Calhoun and Jefferson's streets, where he will open a cigar store. Mr. Niemann has just returned from Chicago, where he purchased furniture. The rear portion of the building will be occupied by Oscar Wolbreck for a saloon.

Rev. L. L. Henson, pastor of the Baptist Tabernacle, brought up the cases of J. W. Wells, J. W. Minnich and William Hill, after prayer meeting last evening and the board of deacons recommended that the church withdraw the hand of fellowship in each case. After discussion it was decided to postpone the final action until next Wednesday evening and a committee was appointed to notify the accused men that the matter would be further considered at that time.

Rev. L. J. Motschman, of Beatrice, Neb., has accepted a call to the pastorate of Christ's Evangelical church, at the corner of Jefferson and Webster streets, and will assume his charge Sunday, Dec. 4. Rev. Motschman comes well recommended. He graduated from the Western university, took a theological course at the Wittenberg seminary at Springfield, Ohio, and completed his theological studies at Berlin, Germany. He preached before the congregation last Sunday evening, when he made such a favorable impression that a unanimous call was extended to him.

ONE VALUE.

The best dental work is the only quality that gives value for the money—at any price.

And in dental work there is only one value—the kind that the best work gives. No "good enough" work will do; no "pretty fair" work is worth having; nothing but the BEST work will stand the test of time and give lasting satisfaction.

We pin faith to the best work in our practice, and charge only a fair part of what such work is really worth.
